## **Skyworks Receives Mexico's Prestigious National Export Award; President Vicente Fox Recognizes Skyworks for Contributions and Performance of Mexicali Maquiladora**

MEXICO CITY--(BUSINESS WIRE)--Jan. 14, 2004--Skyworks Solutions, Inc. (Nasdaq:SWKS), the industry's leading wireless semiconductor company focused on radio frequency (RF) and complete cellular system solutions for mobile communications applications, today announced that the company has received Mexico's prestigious National Export Award in the maquiladora category. The award, which recognizes Skyworks' best-in-class module manufacturing and test facility in Mexicali, was presented to the company by Mexican President Vicente Fox in a ceremony held today at Los Pinos, the presidential residence in Mexico City.

"We are delighted to have received this important award from the government of Mexico and especially honored to have received it personally from President Fox," said Skyworks Vice President of Operations Karl E. Mentzel, who accepted the award along with other employees from the Mexicali facility. "Our Mexicali maquiladora has been in operation for more than 30 years and gives Skyworks a significant competitive advantage for serving the world's leading wireless handset and infrastructure suppliers. We are extremely proud of the accomplishments of our dedicated team of employees at Skyworks' Mexicali operation, and particularly gratified to have been recognized for our contributions to the economy and growth of Mexico in the maquiladora sector."

The National Export Award has been given annually since 1993 by Mexico's Secretariat of Commerce and Industry (Department of Commerce). The award recognizes small, medium and large businesses in the agricultural, manufacturing and service sectors that have made outstanding contributions to the quantity, quality and diversity of the goods and services that Mexico provides to global markets.

Skyworks' Mexicali maquiladora facility is ISO 9001:2000 certified, employs approximately 2,000 people and produces more than 800 million units per year including components, modules, subsystems and complete cellular system solutions.

### About Skyworks

Skyworks Solutions, Inc. is the industry's leading wireless semiconductor company focused on RF and complete cellular system solutions for mobile communications applications. The company is focused on providing front-end modules, RF subsystems and cellular systems to handset, WLAN and infrastructure customers.

Skyworks is headquartered in Woburn, Mass., with executive offices in Irvine, Calif. The company has design, engineering, manufacturing, marketing, sales and service facilities throughout North America, Europe, Japan and Asia Pacific. ### Safe Harbor Statement

This news release includes "forward-looking statements" intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. These forward-looking statements include information relating to future results of Skyworks (including certain projections and business trends). Forward-looking statements can often be identified by words such as "anticipates," "expects," "intends," "believes," "plans," "may," "will," "continue," similar expressions, and variations or negatives of these words. All such statements are subject to certain risks and uncertainties that could cause actual results to differ materially and adversely from those projected, and may affect our future operating results, financial position and cash flows.

These risks and uncertainties include, but are not limited to: global economic and market conditions, such as the cyclical nature of the semiconductor industry and the markets addressed by the company's and its customers' products; demand for and market acceptance of new and existing products; the ability to develop, manufacture and market innovative products in a rapidly changing technological environment; the ability to compete with products and prices in an intensely competitive industry; product obsolescence; losses or curtailments of purchases from key customers or the timing of customer inventory adjustments; the timing of new product introductions; the availability and extent of utilization of raw materials, critical manufacturing equipment and manufacturing capacity; pricing pressures and other competitive factors; changes in product mix; fluctuations in manufacturing yields; the ability to continue to grow and maintain an intellectual property portfolio and obtain needed licenses from third parties; the ability to attract and retain qualified personnel; labor relations of the company, its customers and suppliers; economic, social and political conditions in the countries in which Skyworks, its customers or its

suppliers operate, including security risks, possible disruptions in transportation networks and fluctuations in foreign currency exchange rates; and the uncertainties of litigation, as well as other risks and uncertainties, including but not limited to those detailed from time to time in the company's Securities and Exchange Commission filings.

These forward-looking statements are made only as of the date hereof, and the company undertakes no obligation to update or revise the forward-looking statements, whether as a result of new information, future events or otherwise.
