Item 2.02 Results of Operations and Financial Condition.

The information contained herein and in the accompanying exhibit shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, amended (the "Exchange Act"), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

On January 16, 2014, Skyworks Solutions, Inc., issued a press release in which it announced financial results for the three-month period ended December 27, 2013. A copy of the press release is attached hereto as Exhibit 99.1.

Item 9.01 Financial Statements and Exhibits.

(d) Exhibits

99.1 Press Release dated January 16, 2014, announcing Skyworks Solutions, Inc.'s financial results for the three-month period ended December 27, 2013.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

Skyworks Exceeds Q1 FY14 Revenue and EPS Guidance

- *Delivers \$505 Million in Revenue, Up 11% Y-o-Y and 6% Sequentially*
- *Expands Non-GAAP Gross Margin to 44.5% (43.9% GAAP) and Improves Operating Margin to 28.1% (23.0% GAAP)*
- *Posts \$0.67 of Diluted Non-GAAP EPS (\$0.49 GAAP)*
- *Generates \$159 Million in Cash Flow from Operations*
- *Guides to Better-than-Seasonal Performance in Q2*

WOBURN, Mass., Jan. 16, 2014 - Skyworks Solutions, Inc. (NASDAQ: SWKS) an innovator of high performance analog semiconductors enabling a broad range of end markets, today reported first fiscal quarter results for the period ending December 27, 2013. Revenue for the quarter was \$505.2 million, up 11 percent year-over-year and 6 percent sequentially.

On a non-GAAP basis, operating income for the first fiscal quarter of 2014 was \$141.8 million, up 24 percent from \$114.8 million in the first fiscal quarter of 2013. Non-GAAP diluted earnings per share for the first fiscal quarter was \$0.67 compared to \$0.55 for the prior year first fiscal quarter. On a GAAP basis, operating income for the first fiscal quarter of 2014 was \$116.0 million and diluted earnings per share was \$0.49.

“Skyworks is off to a great start in fiscal 2014 as we exceeded guidance and delivered strong performance across all key financial and operational metrics,” said David J. Aldrich, president and chief executive officer of Skyworks. “We are capitalizing on unprecedented demand for wireless ubiquity and the Internet of Things. Specifically, Skyworks is empowering connectivity across a number of strategic applications including medical devices, wearable technologies, home automation and hybrid vehicles as well as smartphones and tablets, linking people, places and things to improve the way the world communicates.”

Q1 Business Highlights

- Captured navigational-assist content with Volkswagen across next year models
- Supported Nest's energy-efficient, intelligent thermostats and smoke detectors
- Commenced volume production of wireless home lighting platforms at Belkin
- Enabled wearable technologies at Philips for emerging medical applications
- Secured key sockets within FitBit's smart scale and connected wristband systems
- Leveraged 802.11ac solutions in gaming consoles, set-top boxes, BluRay® players and LED/4K TVs for enhanced video streaming applications
- Introduced 4G-LTE base station RF subsystems at Ericsson
- Shipped LED backlight drivers to a leading smartphone and tablet OEM
- Ramped SkyOne™ at HTC and Samsung
- Launched envelope tracking solutions within multiple 4G platforms
- Unveiled a suite of antenna switch modules with dual-mode MIPI capability
- Repurchased approximately 670,000 shares of common stock

Second Quarter 2014 Outlook

“Skyworks is substantially outpacing the analog semiconductor industry driven by our broadening market footprint and new product launches,” said Donald W. Palette, vice president and chief financial officer of Skyworks. “Specifically, for the second fiscal quarter of 2014, we anticipate revenue to be up 11 percent year-over-year to approximately \$470 million with non-GAAP diluted earnings per share up 23 percent year-over-year to \$0.59.”

For further information regarding use of non-GAAP measures in this press release, please refer to the Discussion Regarding the Use of Non-GAAP Financial Measures set forth below.

Skyworks' First Fiscal Quarter 2014 Conference Call

Skyworks will host a conference call with analysts to discuss its first fiscal quarter 2014 results and business outlook today at 5:00 p.m. Eastern time. To listen to the conference call via the Internet, please visit the investor relations section of Skyworks' Web site. To listen to the conference call via telephone, please call 800-288-8961 (domestic) or 612-332-0634 (international), confirmation code: 313554.

Playback of the conference call will begin at 9:00 p.m. Eastern time on January 16, and end at 9:00 p.m. Eastern time on January 23. The replay will be available on Skyworks' Web site or by calling 800-475-6701 (domestic) or 320-365-3844 (international), access code: 313554.

About Skyworks

Skyworks Solutions, Inc. is an innovator of high performance analog semiconductors. Leveraging core technologies, Skyworks supports automotive, broadband, cellular infrastructure, energy management, GPS, industrial, medical, military, wireless networking, smartphone and tablet applications. The Company's portfolio includes amplifiers, attenuators, battery chargers, circulators, DC/DC converters, demodulators, detectors, diodes, directional couplers, front-end modules, hybrids, infrastructure RF subsystems, isolators, LED drivers, mixers, modulators, optocouplers, optoisolators, phase shifters, PLLs/synthesizers/VCOs, power dividers/combiners, power management devices, receivers, switches, technical ceramics and voltage regulators.

Headquartered in Woburn, Mass., Skyworks is worldwide with engineering, manufacturing, sales and service facilities throughout Asia, Europe and North America. For more information, please visit Skyworks' Web site at: www.skyworksinc.com.

Safe Harbor Statement

This news release includes "forward-looking statements" intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. These forward-looking statements include without limitation information relating to future results and expectations of Skyworks (e.g., certain projections and business trends). Forward-looking statements can often be identified by words such as "anticipates," "expects," "forecasts," "intends," "believes," "plans," "may," "will," or "continue," and similar expressions and variations or negatives of these words. All such statements are subject to certain risks, uncertainties and other important factors that could cause actual results to differ materially and adversely from those projected, and may affect our future operating results, financial position and cash flows.

These risks, uncertainties and other important factors include, but are not limited to: uncertainty regarding global economic and financial market conditions; the susceptibility of the semiconductor industry and the markets addressed by our, and our customers', products to economic downturns; the timing, rescheduling or cancellation of significant customer orders and our ability, as well as the ability of our customers, to manage inventory; losses or curtailments of purchases or payments from key customers, or the timing of customer inventory adjustments; the availability and pricing of third party semiconductor foundry, assembly and test capacity, raw materials and supplier components; changes in laws, regulations and/or policies that could adversely affect either (i) the economy and our customers' demand for our products or (ii) the financial markets and our ability to raise capital; our ability to develop, manufacture and market innovative products in a highly price competitive and rapidly changing technological environment; economic, social, military and geo-political conditions in the countries in which we, our customers or our suppliers operate, including security and health risks, possible disruptions in transportation networks and fluctuations in foreign currency exchange rates; fluctuations in our manufacturing yields due to our complex and specialized manufacturing processes; delays or disruptions in production due to equipment maintenance, repairs and/or upgrades; our reliance on several key customers for a large percentage of our sales; fluctuations in the manufacturing yields of our third party semiconductor foundries and other problems or delays in the fabrication, assembly, testing or delivery of our products; our ability to timely and accurately predict market requirements and evolving industry standards, and to identify opportunities in new markets; uncertainties of litigation, including potential disputes over intellectual property infringement and rights, as well as payments related to the licensing and/or sale of such rights; our ability to rapidly develop new products and avoid product obsolescence; our ability to retain, recruit and hire key executives, technical personnel and other employees in the positions and numbers, with the experience and capabilities, and at the compensation levels needed to implement our business and product plans; lengthy product development cycles that impact the timing of new product introductions; unfavorable changes in product mix; the quality of our products and any remediation costs; shorter than expected product life cycles; problems or delays that we may face in shifting our products to smaller geometry process technologies and in achieving higher levels of design integration; and our ability to continue to grow and maintain an intellectual property portfolio and obtain needed licenses from third parties, as well as other risks and uncertainties, including, but not limited to, those detailed from time to time in our filings with the Securities and Exchange Commission.

The forward-looking statements contained in this news release are made only as of the date hereof, and we undertake no obligation to update or revise the forward-looking statements, whether as a result of new information, future events or otherwise.

SKYWORKS SOLUTIONS, INC.
DISCUSSION REGARDING THE USE OF NON-GAAP FINANCIAL MEASURES

Our earnings release contains some or all of the following financial measures that have not been calculated in accordance with United States Generally Accepted Accounting Principles ("GAAP"): (i) non-GAAP gross profit and gross margin, (ii) non-GAAP operating income and operating margin, (iii) non-GAAP net income, and (iv) non-GAAP diluted earnings per share. As set forth in the "Unaudited Reconciliation of Non-GAAP Financial Measures" table found above, we derive such non-GAAP financial measures by excluding certain expenses and other items from the respective GAAP financial measure that is most directly comparable to each non-GAAP financial measure. Management uses these non-GAAP financial measures to evaluate our operating performance and compare it against past periods, make operating decisions, forecast for future periods, compare our operating performance against peer companies and determine payments under certain compensation programs. These non-GAAP financial measures provide management with additional means to understand and evaluate the operating results and trends in our ongoing business by eliminating certain non-recurring expenses (which may not occur in each period presented) and other items that management believes might otherwise make comparisons of our ongoing business with prior periods and competitors more difficult, obscure trends in ongoing operations or reduce management's ability to make useful forecasts.

We provide investors with non-GAAP gross profit and gross margin, non-GAAP operating income and operating margin and non-GAAP net income because we believe it is important for investors to be able to closely monitor and understand changes in our ability to generate income from ongoing business operations. We believe these non-GAAP financial measures give investors an additional method to evaluate historical operating performance and identify trends, an additional means of evaluating period-over-period operating performance and a method to facilitate certain comparisons of our operating results to those of our peer companies. We also believe that providing non-GAAP operating income and operating margin allows investors to assess the extent to which our ongoing operations impact our overall financial performance. We further believe that providing non-GAAP net income and non-GAAP diluted earnings per share allows investors to assess the overall financial performance of our ongoing operations by eliminating the impact of share-based compensation expense, acquisition-related expenses, restructuring-related charges, litigation settlement gains, losses and expenses, certain deferred executive compensation and certain tax items which may not occur in each period presented and which may represent non-cash items unrelated to our ongoing operations. We believe that disclosing these non-GAAP financial measures contributes to enhanced financial reporting transparency and provides investors with added clarity about complex financial performance measures.

We calculate non-GAAP gross profit by excluding from GAAP gross profit, share-based compensation expense and acquisition-related expenses. We calculate non-GAAP operating income by excluding from GAAP operating income, share-based compensation expense, acquisition-related expenses, restructuring-related charges, litigation settlement gains, losses and expenses and certain deferred executive compensation. We calculate non-GAAP net income and diluted earnings per share by excluding from GAAP net income and diluted earnings per share, share-based compensation expense, acquisition-related expenses, restructuring-related charges, litigation settlement gains, losses and expenses, certain deferred executive compensation and certain tax items which may not occur in all periods for which financial information is presented. We exclude the items identified above from the respective non-GAAP financial measure referenced above for the reasons set forth with respect to each such excluded item below:

Share-Based Compensation - because (1) the total amount of expense is partially outside of our control because it is based on factors such as stock price volatility and interest rates, which may be unrelated to our performance during the period in which the expense is incurred, (2) it is an expense based upon a valuation methodology premised on assumptions that vary over time, and (3) the amount of the expense can vary significantly between companies due to factors that can be outside of the control of such companies.

Acquisition-Related Expenses - including such items as, when applicable, amortization of acquired intangible assets, fair value adjustments to contingent consideration, fair value charges incurred upon the sale of acquired inventory, acquisition-related professional fees and deemed compensation expenses, because they are not considered by management in making operating decisions and we believe that such expenses do not have a direct correlation to our future business operations and thereby including such charges does not accurately reflect the performance of our ongoing operations for the period in which such charges are incurred.

Restructuring-Related Charges - because, to the extent such charges impact a period presented, we believe that they have no direct correlation to our future business operations and including such charges does not necessarily reflect the performance of our ongoing operations for the period in which such charges are incurred.

Litigation Settlement Gains, Losses and Expenses- including gains, losses and expenses related to the resolution of other-than-ordinary-course threatened and actually filed lawsuits and other-than-ordinary-course contractual disputes, because (1) they are not considered by management in making operating decisions, (2) such gains, losses and expenses tend to be infrequent in nature, (3) such gains, losses and expenses are generally not directly controlled by management, (4) we believe such gains, losses and expenses do not necessarily reflect the performance of our ongoing operations for the period in which such charges are recognized and (5) the amount of such gains or losses and expenses can vary significantly between companies and make comparisons less reliable.

Deferred Executive Compensation - including charges related to any contingent obligation pursuant to an executive severance agreement, because we believe the period over which the obligation is amortized may not reflect the period of benefit and that such expense has no direct correlation with our recurring business operations and including such expenses does not accurately reflect the compensation expense for the period in which incurred.

Certain Income Tax Items - including certain deferred tax charges and benefits that do not result in a current tax payment or tax refund and other adjustments, including but not limited to, items unrelated to the current fiscal year or that are not indicative of our ongoing business operations.

The non-GAAP financial measures presented in the table above should not be considered in isolation, and are not an alternative for, the respective GAAP financial measure that is most directly comparable to each such non-GAAP financial measure. Investors are cautioned against placing undue reliance on these non-GAAP financial measures and are urged to review and consider carefully the adjustments made by management to the most directly comparable GAAP financial measures to arrive at these non-GAAP financial measures. Non-GAAP financial measures may have limited value as analytical tools because they may exclude certain expenses that some investors consider important in evaluating our operating performance or ongoing business performance. Further, non-GAAP financial measures are likely to have limited value for purposes of drawing comparisons between companies because different companies may calculate similarly titled non-GAAP financial measures in different ways because non-GAAP measures are not based on any comprehensive set of accounting rules or principles.

Our earnings release contains forward-looking estimates of non-GAAP diluted earnings per share for the second quarter of our 2014 fiscal year ("Q2 2014"). We provide these non-GAAP measures to investors on a prospective basis for the same reasons (set forth above) that we provide them to investors on a historical basis. We are unable to provide a reconciliation of our forward-looking estimate of Q2 2014 non-GAAP diluted earnings per share to a forward-looking estimate of Q2 2014 GAAP diluted earnings per share because certain information needed to make a reasonable forward-looking estimate of GAAP diluted earnings per share for Q2 2014 (other than estimated share-based compensation expense of \$0.09 per diluted share, certain tax items of \$0.07 per diluted share and estimated amortization of intangibles of \$0.03 per diluted share) is difficult to predict and estimate and is often dependent on future events that may be uncertain or outside of our control. Such events may include unanticipated changes in our GAAP effective tax rate, unanticipated one-time charges related to asset impairments (fixed assets, inventory, intangibles or goodwill), unanticipated acquisition-related expenses, unanticipated litigation settlement gains, losses and expenses and other unanticipated non-recurring items not reflective of ongoing operations. We believe the probable significance of these unknown items, in aggregate, to be in the range of \$0.00 to \$0.05 in quarterly earnings per diluted share on a GAAP basis. Our forward-looking estimates of both GAAP and non-GAAP measures of our financial performance may differ materially from our actual results and should not be relied upon as statements of fact.

[a] These charges represent expense recognized in accordance with ASC 718 - Compensation, Stock Compensation. Approximately \$2.7 million, \$7.5 million and \$8.6 million were included in cost of goods sold, research and development expense and selling, general and administrative expense, respectively, for the three months ended December 27, 2013.

For the three months ended December 28, 2012, approximately \$2.4 million, \$7.4 million and \$7.9 million were included in cost of goods sold, research and development expense and selling, general and administrative expense, respectively.

[b] The acquisition-related expense of \$0.6 million recognized during the three months ended December 28, 2012 primarily relates to general and administrative expenses associated with past acquisitions.

[c] During the three months ended December 28, 2012, the Company recorded a \$1.6 million charge related to a restructuring plan to reduce headcount primarily associated with its front end-solutions team.

[d] During the three months ended December 27, 2013, the Company recognized a \$0.5 million charge primarily related to general and administrative expense associated with ongoing litigations.

[e] During the three months ended December 27, 2013, these amounts primarily represent the use of net operating loss and research and development tax credit carryforwards, deferred tax expense not affecting taxes payable, and non-cash expense related to uncertain tax positions.

During the three months ended December 28, 2012, these amounts primarily represent the use of net operating loss and research and development tax credit carryforwards and non-cash expense related to uncertain tax positions.
