## ALPHA INDUSTRIES, INC.

## PROXY STATEMENT

The enclosed proxy, for use only at the Annual Meeting of Stockholders to be held September 10, 2001, at 10:00 a.m. local time, and any adjournment thereof, is solicited on behalf of the Board of Directors of Alpha Industries, Inc. The approximate date that we are first sending these proxy materials to stockholders is August 1, 2001.

You should use the enclosed proxy if you will not be attending the Meeting, or if you expect to attend but want to register your vote now. If you sign your proxy and return it without marking it to indicate your votes, your shares will be voted in favor of electing the three nominees for directors named in this proxy statement for three-year terms expiring in 2004, and in favor of each of the additional items as set forth in the accompanying Notice of Annual Meeting of Stockholders. You may revoke your proxy at any time before it is exercised at the Meeting, either by filing with our Corporate Secretary a signed statement that you are revoking it, by signing and submitting another proxy with a later date, or by voting in person at the Meeting.

## PROXIES AND VOTING PROCEDURES

As of July 19, 2001, there were 43,798,167 shares of Alpha's common stock outstanding. Pursuant to Alpha's Articles of Organization and By-Laws, and applicable Delaware law, each share of common stock entitles the holder of record at the close of business on July 19, 2001 to one vote on each of the matters to be considered at the Meeting.

The votes of stockholders present in person or represented by proxy at the Meeting will be tabulated by an inspector of elections appointed by Alpha. The representation in person or by proxy of at least a majority of the shares of common stock outstanding on the record date is necessary to constitute a quorum at the Meeting. Abstentions and broker "non-votes" are each counted as present in determining whether a quorum is present.

The three nominees for election as directors who receive the greatest number of votes properly cast for the election of directors will be elected. Votes to abstain and broker "non-votes" will have no effect on the outcome of the vote for the election of directors. The Board of Directors recommends that you vote "FOR" the election of each of the nominated directors, and the persons named as proxies intend to vote for the election of each of the three nominees. In the unanticipated event that a nominee is unable to serve, the persons named as proxies intend to vote the proxy for such substitute, if any, as the present Board of Directors may designate or to vote to reduce the number of directors.

Proposal 2, to approve the Directors' 2001 Stock Option Plan, will be decided by the vote of a majority of the shares properly cast on the Proposal. A broker "non-vote" will have no effect on the outcome of Proposal 2. A vote to abstain on Proposal 2 will have the same effect as a vote against Proposal 2. The Board of Directors recommends that you vote "FOR" the proposal to approve the Directors' 2001 Stock Option Plan, and the persons named as proxies intend to vote for Proposal 2.

FOR PARTICIPANTS IN THE ALPHA INDUSTRIES 401(k) SAVINGS AND INVESTMENT PLAN: If you are a participant in the Alpha 401(k) Savings and Investment Plan, you will receive a proxy card for the Alpha shares you own through the 401(k) Plan. That proxy card will serve as a voting instruction card for the trustee of the 401(k) Plan, and your 401(k) Plan shares will be voted as you instruct. If you do not sign and return your proxy card to indicate your instructions, the 401(k) Plan trustee will vote your 401(k) Plan shares in the same proportion as shares for which instructions were received from other 401(k) Plan participants.

#### PROPOSAL 1 - ELECTION OF DIRECTORS

Alpha's Certificate of Incorporation and By-laws provide for the division of the Board of Directors into three classes, each having a three-year term of office. Mr. McLachlan is nominated for election at the Meeting to a regular three-year term. The nominees have not been nominated pursuant to any arrangement or understanding with any person.

## PROPOSAL 2

### APPROVAL OF THE DIRECTORS' 2001 STOCK OPTION PLAN

The Alpha Industries, Inc. Directors' 2001 Stock Option Plan (the "2001 Plan") was adopted by Alpha's Board of Directors April 26, 2001 in the form attached as Exhibit A to this Proxy Statement, subject to approval by the stockholders. A total of 250,000 shares are to be authorized for issuance under the 2001 Plan to Alpha's non-officer directors. If approved by the stockholders, the 2001 Plan will replace the 1994 Non-Qualified Stock Option Plan for Non-Employee Directors and the 1997 Non-Qualified Stock Option Plan for Non-Employee Directors, as to future option grants. If the 2001 Plan is approved, no further options will be granted under the 1994 and 1997 plans.

Since 1994, Alpha has made grants of options to its directors, upon their first election to the Board of Directors and annually upon re-election. The size of these grants has not varied (except to reflect stock splits during the intervening years). Few shares remain available for option grants to the directors under the existing directors' stock option plans. THEREFORE, UNLESS THE DIRECTORS' 2001 STOCK OPTION PLAN IS APPROVED, IT WILL NOT BE POSSIBLE TO ISSUE STOCK OPTIONS TO ALPHA'S DIRECTORS THIS YEAR UNDER THE DIRECTORS' STOCK OPTION PLANS.

Stock options are a significant part of each director's overall compensation, and permit Alpha to seek and retain the services of highly skilled and competent persons to serve as directors of the Company. Competition for highly qualified individuals to serve as company directors is intense, and to successfully attract and retain the best candidates, the Company must continue to offer a competitive equity incentive program as an essential component of the directors' compensation. Without the proposed authorization of shares available for directors' stock options, Alpha may be unable to continue to attract and retain the best individuals to serve as directors.

The 2001 Plan is intended to offer an equity incentive to Alpha's directors by granting the directors annual options to purchase common stock at a price equal to the stock's fair market value on the date of the option grant. These options therefore only become valuable if the price of Alpha's common stock increases. By providing the directors with the opportunity to acquire an equity interest in the Company over time and because benefit is only received through stock performance, stock options align the interests of the directors with the stockholders.

## SUMMARY OF THE DIRECTORS' 2001 STOCK OPTION PLAN

NOTE: The following summary of the 2001 Plan is qualified in its entirety by reference to the full text of the 2001 Plan, which is reproduced as Exhibit A.

PURPOSES. The 2001 Plan is intended to provide Alpha's directors with long-term incentives and rewards, to assist the Company in attracting and retaining experienced and able directors, and to associate the interests of Alpha's directors more closely with those of the Company's stockholders.

ADMINISTRATION. The 2001 Plan is administered by the Board of Directors (the "Board").

STOCK AVAILABLE FOR AWARDS. Subject to stockholder approval, a maximum of 250,000 shares of common stock will be available for issuance under the 2001 Plan. The shares of common stock to be delivered under the 2001 Plan may be either authorized but unissued shares, treasury shares, or shares previously reserved for issuance upon exercise of directors' options which have expired or been terminated.

ELIGIBILITY; GRANT OF AWARDS. Grants of options are made to directors upon their election and re-election to the Board. Each year upon re-election, each Director will be granted an option to purchase 15,000 shares of Alpha common stock. Upon initial election, each new Director will be granted an option to purchase 45,000 shares of Alpha common stock. The 2001 Plan is not intended to be a means of compensating officers; directors who are also officers of the Company are not eligible to participate in the 2001 Plan. As of July 1, 2001, there were seven non-officer directors.

PRICE; EXERCISE; RESTRICTIONS. Stock options are rights to purchase shares of Alpha's common stock at a fixed exercise price for a predetermined period of time. The exercise price of all options to be granted under the 2001 Plan will be the fair market value of Alpha's common stock on the date the option is granted, or the par value of the shares of common stock if that is higher. This price must be paid in full upon exercise of the option either in cash or by delivery of shares of common stock, or any combination of cash and stock. All the options under the 2001 Plan will become exercisable in increments over a period of four years, and must be exercised within ten years after the date the option is granted. The options may not be assigned or transferred except by will or under the laws of descent and distribution, or pursuant to a qualified domestic relations order. During the lifetime of a director, the option may be exercisable only by the director. All of the options granted under the 2001 Plan will be non-qualified stock options under the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code").

RIGHTS IN THE EVENT OF RETIREMENT, DISABILITY OR DEATH. In the event of the death, retirement or permanent disability of a director, the director's options may be exercised as follows: (1) in the event of death, all unvested options will become fully vested and all options may be exercised by the heirs of the director for twelve months after the date of death; (2) in the event of a director's disability, only vested options may be exercised, for a period of six months; (3) in the event a director retires from the Board or otherwise ceases to serve as a director, except for cause, only vested options may be exercised, for a period of three months. In the event a director is removed from office for cause, all remaining options cease to be exercisable whether or not previously vested.

**INDEMNITY.** The 2001 Plan provides that the Board of Directors shall not be liable for any act, omission, interpretation, construction or determination made in good faith in connection with their responsibilities with respect to the 2001 Plan. The Company agrees to indemnify the directors in respect of any claim, loss, damage or expense (including reasonable counsel fees) arising from any such act, omission, interpretation, construction or determination to the full extent permitted by law.

**AMENDMENT OR TERMINATION OF THE 2001 PLAN.** The Board may at any time, and from time to time, amend, suspend or terminate the 2001 Plan in whole or in part, provided that the provisions of the 2001 Plan relating to the amount and price of common stock to be awarded and the timing of such awards may not be amended more than once every six months other than to comport with changes in the Internal Revenue Code, the Employee Retirement Income Security Act, each as amended, or the rules under either statute.

**SHARE ADJUSTMENTS.** If Alpha's outstanding common stock is increased or decreased, or changed into or exchanged for a different number or kind of shares or other securities by reason of recapitalization, reclassification, stock split, combination of shares, separation (including a spin-off) or dividend payable in common stock, there will be an equitable adjustment in the exercise prices of outstanding options and the number and kind of shares as to which outstanding options shall be exercisable. If Alpha is a party to any merger or consolidation, any purchase or acquisition of property or stock, or any separation, reorganization or liquidation, the Board (or, if the Corporation is not the surviving corporation, the board of directors of the surviving corporation) shall have the power to make arrangements for the substitution of new options for, or the assumption by another corporation of, any options then outstanding under the 2001 Plan.

**DURATION OF THE 2001 PLAN.** Awards may be made under the 2001 Plan for a period of ten years commencing with the original adoption of the 2001 Plan and ending on September 10, 2011. The period during which a stock option or other award may be exercised, however, may extend beyond that time.

**FEDERAL TAX CONSEQUENCES OF THE 2001 PLAN.**

The following discussion of United States federal income tax consequences of the issuance and exercise of options granted under the 2001 Plan is based upon the provisions of the Internal Revenue Code in effect on the date of this Proxy Statement, current regulations, and existing administrative rulings of the Internal Revenue Service. It is not intended to be a complete discussion of all of the federal income tax consequences of the 2001 Plan or of the requirements that must be met in order to qualify for the described tax treatment. This summary relates only to federal income tax consequences and there may also be federal estate, gift and other tax consequences, as well as foreign, state, local and other tax consequences, associated with the 2001 Plan.

The following general rules are applicable under current federal income tax law to options granted under the 2001 Plan:

- The options granted under the 2001 Plan will not be treated as "incentive stock options" within the meaning of Section 422 of the Internal Revenue Code. Such options are referred to as "nonqualified options."
- The option holder generally does not realize any taxable income upon the grant of a nonqualified option, and Alpha is not allowed a federal income tax deduction by reason of such grant.
- The option holder generally will recognize ordinary compensation income at the time of exercise of a nonqualified option in an amount equal to the excess, if any, of the fair market value of the shares on the date of exercise over the exercise price.
- When the option holder sells the shares acquired pursuant to a nonqualified option, the seller generally will recognize a capital gain or loss in an amount equal to the difference between the amount realized upon the sale of the shares and the seller's basis in the shares (generally, the exercise price plus the amount taxed to the option holder as compensation income). If the seller's holding period for the shares exceeds one year, such gain or loss will be a long-term capital gain or loss.
- Alpha generally should be entitled to a corresponding tax deduction for federal income tax purposes when the option holder recognizes compensation income.
- An option holder may be entitled to exercise a nonqualified option by delivering shares of Alpha's common stock to Alpha in payment of the exercise price. If an option holder exercises a nonqualified option in such fashion, special rules will apply.

- (1) Assumes approval of the 2001 Plan and re-election of all directors nominated for re-election at the Annual Meeting of Stockholders; assumes that no new directors are elected during fiscal year 2002.
- (2) Based upon the difference between the market value of the underlying shares on the date of grant and the exercise price of the stock options. Since options under the Directors' 2001 Stock Option plan will be granted at fair market value, dollar value upon the date of grant is always zero. This valuation does not take into account any appreciation in the market value of the underlying shares which may occur over the term of the options. The closing price on the Nasdaq National Market on July 19, 2001 for shares of Alpha common stock was \$35.35 per share.
- (3) Includes expected grants of options to purchase 15,000 shares to each of Mr. Kariotis and Mr. Leonard, upon re-election. Mr. Kariotis and Mr. Leonard remain employees of the Company, as well as directors. Their options for 30,000 shares are included also in the total for current directors who are not executive officers.

Options may not be exercised beyond three months after the holder ceases to be employed by Alpha, except in the event of termination by reason of death, retirement or permanent disability, in which event the option may be exercised for specific periods not exceeding one year following termination. The assumed annual rates of stock price appreciation stated in the table are dictated by regulations of the Securities and Exchange Commission, and are compounded annually for the full term of the options; actual outcomes may differ.

## EXECUTIVE COMPENSATION

Alpha's executives are eligible for awards of nonqualified stock options, incentive stock options and restricted stock awards under Alpha's applicable stock option plans. These stock options plans are administered by the Compensation Committee of the Board of Directors. Generally, the exercise price at which an executive may purchase Alpha common stock pursuant to a stock option is the fair market value of Alpha common stock on the date of grant. Stock options are granted subject to restrictions on vesting, with equal portions of the total grant generally vesting over a period of four or five years. Alpha stock options are subject to forfeiture (after certain grace periods) upon termination of employment, retirement, disability or death. Restricted stock awards involve the issuance of shares of common stock which may not be transferred or otherwise encumbered, subject to certain exceptions, for varying amounts of time, and which will be forfeited, in whole or in part, if the executive terminates his or her employment with Alpha. No restricted stock awards were made in fiscal 2001; stock option grants to the Named Executives during the fiscal year are discussed above under the caption "Option Grants in Last Fiscal Year".

Senior executives of the Company are also eligible to receive target incentive compensation under which a percentage of each executive's total cash compensation is tied to the accomplishment of specific financial objectives during the 2001 fiscal year. As a result of a challenging economic and business environment in the last months of the fiscal year, Alpha did not achieve the annual performance targets set by the Board of Directors, and no incentive bonuses were paid to senior executives with respect to fiscal 2001.

Senior executives also may participate in Alpha's Executive Compensation Plan (the "Executive Compensation Plan"), an unfunded, non-qualified deferred compensation plan, under which participants may defer a portion of their compensation. Deferred amounts are held in a trust. Participants defer recognizing taxable income on the amount held for their benefit until the amounts are paid. Alpha, in its sole discretion, may make additional contributions to the accounts of participants. Participants normally receive the deferred amounts upon retirement. Special rules are provided for distributions in the case of a participant's death or disability, a change in control of Alpha, early retirement, and unforeseen emergencies. The Named Executives each participated in the Executive Compensation Plan during the 2001 fiscal year. Alpha did not make any discretionary contributions to their accounts during fiscal 2001.

## COMPENSATION OF DIRECTORS

Directors who are not employees of Alpha are paid a quarterly retainer of \$3,375 plus an additional \$1,000 for each full-day meeting (including separate committee meetings) attended. Directors who serve as chairman of a committee of the Board of Directors receive an additional quarterly retainer of \$250. In addition, each new non-employee director receives an option to purchase 45,000 shares of common stock immediately following the earlier of Alpha's Annual Meeting of Stockholders at which the director is first elected by the stockholders or following his initial appointment by the Board of Directors. In addition, following each Annual Meeting of Stockholders each director who is continuing in office or re-elected receives an option to purchase 15,000 shares of common stock. The exercise price of stock options granted to directors is the fair market value on the day of grant. During

fiscal 2001 and prior years, option grants to directors were made from the 1994 and 1997 Non-Qualified Stock Option Plans for Non-Employee Directors. Subject to approval of the 2001 Directors' Stock Option Plan at the September 2001 Annual Meeting, stock option grants to directors for fiscal 2002 and future years will be made under the new 2001 Directors' Stock Option Plan.

#### EMPLOYMENT AND SEVERANCE AGREEMENTS

Alpha does not have any employment agreements with any of the Named Executives.

Alpha has severance agreements with the Messrs. Aldrich, Langman and Vincent under which each is entitled to receive various benefits in the event that his employment is terminated within two years after a change in control of Alpha, or if his employment is terminated by Alpha at any time without good cause. In these cases, the officer will receive two years of salary continuation, and all of the officer's stock options will vest immediately. Mr. Aldrich's severance agreement provides that he is also entitled to various benefits in the event he voluntarily terminates his employment for certain reasons. The term of these agreements is indefinite.

Mr. Gillard resigned as an executive officer of Alpha on May 31, 2000, and entered into a two-year employment and consulting agreement with Alpha. Under the agreement, all of Mr. Gillard's options vested and Alpha agreed to continue Mr. Gillard's salary as of May 2000 through the term of his employment and consulting agreement.

## COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is responsible for developing and making recommendations with respect to executive officer compensation. The Compensation Committee determines the compensation to be paid to the Chief Executive Officer and each of the other executive officers of Alpha.

The objective of the Compensation Committee in determining the type and amount of executive compensation is to provide a level of compensation that allows Alpha to attract and retain superior talent, to achieve its business objectives, and to align the financial interests of the executive officers with the stockholders of Alpha. The elements of compensation for the executives are base salary, short-term cash incentives, long-term stock-based incentives and retirement plans.

Compensation for Alpha's Chief Executive Officer and the other executives, including salary and short- and long-term incentives, is established at levels that are competitive with the compensation of comparable executives in similar companies. The Compensation Committee periodically utilizes studies from independent compensation experts on executive compensation in comparable high technology and manufacturing companies, especially those located in the Greater Boston area and the east coast of the United States. Based on these studies, the Compensation Committee establishes base salaries, and target incentive bonuses and stock option compensation, so as to set the combined value near the median of the range indicated by the studies. In establishing individual compensation, the Compensation Committee considers the individual experience and performance of the executive, as well as the performance of Alpha. The Compensation Committee also considers the recommendations of the Chief Executive Officer regarding the salaries of the other executives.

Short-term incentive compensation for each executive is established annually by the Compensation Committee, by tying a percentage of each executive's total cash compensation to the accomplishment of specific financial objectives. Framed by exceptionally strong results in the preceding fiscal year, the Compensation Committee established aggressive forward-looking incentive targets for Alpha's executive management for fiscal 2001. As a result of a challenging business environment arising in the fourth quarter of the fiscal year, the Company did not achieve these targets. Taking this and other factors into account, no short-term incentive compensation was awarded to Alpha's officers for fiscal 2001.

Long-term, stock-based compensation has been provided to officers under Alpha's stock option plans (collectively, the "Option Plans"). Under the Option Plans, the Committee has, in the past, awarded nonqualified stock options, incentive stock options and restricted stock awards. Restricted stock awards involve the issuance of shares of common stock which may not be transferred or otherwise encumbered, subject to certain exceptions, for varying amounts of time, and which will be forfeited, in whole or in part, if the employee terminates his or her employment with Alpha. Options and restricted stock both tie the value of the executive's compensation to the long-term value of Alpha's common stock.

Alpha also permits executives and other employees to purchase Alpha common stock at a discount through the Employee Stock Purchase Plan. Alpha's executives may also participate in the

Company's 401(k) Plan, under which Alpha's employer contribution has in recent years been made in the form of Alpha common stock.

The stock ownership afforded under the Option Plans, the Stock Purchase Plan and the 401(k) Plan encourages Alpha's executives to acquire significant, long-term stock ownership positions, and serves to directly align the executives' interests with stockholders' interests.

A final component of executive compensation provides executives with a means to defer recognition of income. Executives designated by the Compensation Committee may participate in the Alpha Executive Compensation Plan, which is discussed under "Executive Compensation Plan" in the Proxy Statement.

The Compensation Committee established the compensation of Mr. Aldrich, President and Chief Executive Officer, using the same criteria used to determine the compensation of the other executive officers, as described above. Mr. Aldrich's compensation was linked to Alpha's performance during the fiscal year by structuring a substantial portion of his compensation in the form of stock options and a target incentive bonus based on the accomplishment of specific financial objectives. Mr. Aldrich's total compensation plan for fiscal 2001 was in the middle range of those for chief executive officers of similar companies, according to studies prepared by independent compensation consultants. During fiscal 2001, Mr. Aldrich received a salary of \$340,000 and options to purchase 150,000 shares of common stock at the fair market value of Alpha common stock on the dates of the option grants. As a result of the challenging business environment in the fourth quarter of the fiscal year, Alpha did not exceed the performance targets which the Board had established in Mr. Aldrich's compensation plan, and no incentive bonus was awarded to Mr. Aldrich for fiscal 2001.

Section 162(m) of the Internal Revenue Code limits the tax deductibility by a company of compensation in excess of \$1 million paid to any of its five most highly compensated executive officers. However, this deduction limitation does not apply to certain "qualified performance-based compensation" as defined in the Internal Revenue Code and applicable regulations. The Compensation Committee has considered the limitations on deductions imposed by Section 162(m), and it is our intention to structure executive compensation to minimize the application of the deduction limitations of Section 162(m) insofar as consistent with the Compensation Committee's overall compensation objectives.

Based on the recommendations of the Compensation Committee, Alpha has entered into severance agreements with certain executive officers. Such agreements do not guarantee salary, position or benefits, but provide salary continuation and other benefits in the event of a termination after a change in control or certain other terminations, as described under the heading "Employment and Severance Agreements" in this Proxy Statement.

## REPORT OF THE AUDIT COMMITTEE

The Audit Committee of Alpha's Board of Directors is responsible for providing independent, objective oversight of Alpha's accounting functions and internal controls. The Audit Committee is composed of three directors, each of whom is independent as defined by the National Association of Securities Dealers' listing standards. The Audit Committee operates under a written charter approved by the Board of Directors. A copy of the charter is attached to this Proxy Statement as Exhibit B.

Management is responsible for the Company's internal control and financial reporting process. The independent accountants are responsible for performing an independent audit of Alpha's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report concerning such financial statements. The Audit Committee's responsibility is to monitor and oversee these processes.

In connection with these responsibilities, the Audit Committee met with management and representatives of KPMG LLP, the independent accountants, to review and discuss the financial statements for the year ended April 1, 2001. The Audit Committee also discussed with the independent accountants the matters required by Statement of Auditing Standards No. 61 (Communications with Audit Committees). The Audit Committee also received written disclosures from the independent accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants that firm's independence.

Based upon the Audit Committee's discussions with management and the independent accountants, and the Audit Committee's review of the representations of management and the independent accountants, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended April 1, 2001, as filed with the Securities and Exchange Commission.

## OTHER PROPOSED ACTION

As of the date of this Proxy Statement, the directors know of no business which is expected to come before the Meeting other than the election of directors and the approval of the Directors' 2001 Stock Option Plan. However, if any other business should properly be presented to the Meeting, the persons named as proxies will vote in accordance with their judgment with respect to such matters.

## OTHER MATTERS

## SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires directors and executive officers to report to the SEC their beneficial ownership of common stock and any changes in that ownership. Specific dates for such reporting have been established and we are required to report in this proxy statement any failure to file by the established dates during the last fiscal year. In the last fiscal year, to our knowledge, based solely on our review of the copies of such reports furnished to us and any written representation that no other reports were required, all of these filing requirements were satisfied by our directors, officers and principal stockholders, except that (i) Mr. Aldrich filed one late report on Form 5 covering four gifts of stock, (ii) Mr. Henderson filed one late report on Form 3 and one late report on Form 5 covering two option grants and a gift of stock, (iii) Mr. Langman filed one late report on Form 4 covering an option exercise and sale of the underlying stock, (iv) Mr. McLachlan filed one late report on Form 3 and (v) Mr. Topol filed two late reports on Form 4 covering two sales. All failures to file these reports in a timely manner were inadvertent.

## INCORPORATION BY REFERENCE

To the extent that this Proxy Statement has been or will be specifically incorporated by reference into any filing by Alpha under the Securities Act of 1933, as amended, or the Exchange Act, the sections of the Proxy Statement entitled "Compensation Committee Report on Executive Compensation", "Report of the Audit Committee" and "Performance Graph" shall not be deemed to be so incorporated, unless specifically otherwise provided in any such filing.

## RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

The Board of Directors, upon the recommendation of the Audit Committee, has appointed KPMG LLP as the independent certified public accountants to audit the consolidated financial statements of Alpha for the fiscal year ending March 31, 2002. KPMG and its predecessors have served continuously in that capacity since 1974. A representative of KPMG will be present at the Meeting, will be afforded the opportunity to make a statement if he desires to do so, and will be available to respond to appropriate questions. The following table states the fees incurred by Alpha for the professional services of KPMG in fiscal year 2001:

Audit Fees	Financial Information Systems Design and Implementation Fees	All Other Fees
-----	-----	-----
\$124,000	\$ -0-	\$183,000 (primarily tax counseling)

The Audit Committee has determined that the provision of these services by KPMG is compatible with maintaining the accountants' independence.

## SOLICITATION EXPENSES

This solicitation is being made by mail and may be made in person or by fax or telephone by our officers or employees (who will receive no extra compensation for such services). We have also retained Morrow & Co., Inc. to assist in the solicitation of proxies, at a cost to the Company of approximately \$6,000, plus out-of-pocket expenses. We will bear the cost of this solicitation.

Options may be exercised in whole or in part, from time to time, only during the Option Exercise Period, by the giving of written notice, signed by the holder of the Option, to the Corporation stating the number of Shares with respect to which the Option is being exercised, accompanied by full payment for such Shares pursuant to section 8(a) hereof

(d) CESSATION OF SERVICE AS A DIRECTOR AND OTHER EVENTS. If an Option holder's service as a Director of the Corporation is terminated, then that holder's Options may be exercised as to all shares that have not been previously purchased only in accordance with the following provisions and notwithstanding any other provision of this Plan -

- (1) In the event of cessation of service by reason of an Option holder's death, the Options may be exercised by the holder or by the executors, administrators, legatees or distributees of his or her estate as to all vested and unvested shares until the earlier of the Option Expiration Date or twelve (12) months after the date of death.
- (2) In the event of cessation of service by reason of an Option holder's permanent and total disability, the Options may be exercised as to all shares vested as of the date of the cessation of service until the earlier of the Option Expiration Date or six (6) months after the date of cessation of service. Shares not vested as of the date of the cessation of service may not be exercised.

"Cause" shall be defined as cessation of service on account of any act of (i) fraud or intentional misrepresentation, or (ii) embezzlement, misappropriation or conversion of assets or opportunities of the Corporation or any Subsidiary.

(b) No Shares shall be granted under this Plan or issued or transferred upon exercise of any Option under this Plan unless and until all legal requirements applicable to the issuance or transfer of such Shares, and such other requirements as are consistent with the Plan, have been complied with to the satisfaction of the Board, including without limitation those described in Paragraph 12 hereof.

## 9. STOCK ADJUSTMENTS.

(a) If the Corporation is a party to any merger or consolidation, any purchase or acquisition of property or stock, or any separation, reorganization or liquidation, the Board (or, if the Corporation is not the surviving corporation, the board of directors of the surviving corporation) shall have the power to make arrangements, which shall be binding upon the holders of unexpired Options, for the substitution of new options for, or the assumption by another corporation of, any unexpired Options then outstanding hereunder.

(b) If by reason of recapitalization, reclassification, stock split, combination of shares, separation (including a spin-off) or dividend on the stock payable in Shares, the outstanding Shares of the Corporation are increased or decreased or changed into or exchanged for a different number or kind of shares or other securities of the Corporation, the Board shall conclusively determine the appropriate adjustment in the exercise prices of outstanding Options and in the number and kind of shares as to which outstanding Options shall be exercisable, in such manner as to result in the Options being exercisable.

(c) In the event of a transaction of the type described in paragraphs (a) and (b) above, the total number of Shares on which Options may be granted under this Plan shall be appropriately adjusted by the Board.

## 10. CHANGE OF CONTROL PROVISIONS.

(a) Notwithstanding any other provision of the Plan to the contrary, in the event of a Change of Control, any Options outstanding as of the date such Change of Control is determined to have occurred and not then exercisable shall become fully exercisable to the full extent of the original grant.

(b) A "Change in Control" will be deemed to have occurred if the Continuing Board of the Corporation shall have ceased for any reason to constitute a majority of the Board of Directors of the Corporation. For this purpose, a "Continuing Director" will include any member of the Board of Directors of the Corporation as of the Effective Date and any person nominated for election to the Board of Directors of the Corporation by a majority of the then Continuing Directors.

11. NO RIGHTS OTHER THAN THOSE EXPRESSLY CREATED. No person affiliated with the Corporation or any Subsidiary or other person shall have any claim or right to be granted an Option hereunder. Neither this Plan nor any action taken hereunder shall be construed as (i) giving any Option holder any right to continue to be affiliated with the Corporation, (ii) giving any Option holder any equity or interest of any kind in any assets of the Corporation, or (iii) creating a trust of any kind or a fiduciary relationship of any kind between the Corporation and any such person. No Option holder shall have any of the rights of a stockholder with respect to Shares covered by an Option, until such time as the Option has been exercised and Shares have been issued to such person.

12. MISCELLANEOUS.

(a) WITHHOLDING OF TAXES. Pursuant to applicable federal, state, local or foreign laws, the Corporation may be required to collect income or other taxes upon the grant of an Option to, or exercise of an Option by, a holder. The Corporation may require, as a condition to the exercise of an Option, that the recipient pay the Corporation, at such time as the Board determines, the amount of any taxes which the Board may determine is required to be withheld.

(b) SECURITIES LAW COMPLIANCE. Upon exercise of an Option, the holder shall be required to make such representations and furnish such information as may, in the opinion of counsel for the Corporation, be appropriate to permit the Corporation to issue or transfer the Shares in compliance with the provisions of applicable federal or state securities laws. The Corporation, in its discretion, may postpone the issuance and delivery of Shares, upon any exercise of an Option, until completion of such registration or other qualification of such Shares under any federal or state laws, or stock exchange listing, as the Corporation may consider appropriate. The Corporation intends to register or qualify the Shares under federal and state securities laws, but is not obligated to register or qualify the Shares under such laws and may refuse to issue such Shares if neither registration nor exemption therefrom is practical. The Board may require that prior to the issuance or transfer of any Shares upon exercise of an Option, the recipient enter into a written agreement to comply with any restrictions on subsequent disposition that the Board or the Corporation deems necessary or advisable under any applicable federal and state securities laws. Certificates representing the Shares issued hereunder may contain a legend reflecting such restrictions.

(c) COMPLIANCE WITH RULE 16b-3. With respect to a person subject to Section 16 of the 1934 Act, the Plan is intended to be, upon approval by the shareholders of the Corporation, a formula plan, and transactions under this Plan are intended to comply with all applicable conditions of Rule 16b-3 or its successors ("Rule 16b-3") under the 1934 Act. To the extent any provision of the Plan or action by the administrators of the Plan fails to so comply, such provision or action shall be deemed null and void to the extent permitted by law and, if a provision hereof, deemed subject to amendment or determination by the administrators of the Plan.

(d) INDEMNITY. The Board shall not be liable for any act, omission, interpretation, construction or determination made in good faith in connection with their responsibilities with respect to the Plan, and the Corporation hereby agrees to indemnify the members of the Board, in respect of any claim, loss, damage, or expense (including counsel fees) arising from any such act, omission, interpretation, construction or determination, to the full extent permitted by law.

(e) OPTIONS NOT DEEMED INCENTIVE STOCK OPTIONS. Options granted under the Plan shall not be deemed incentive stock options as that term is defined in Section 422 of the Internal Revenue Code of 1986, as amended.

13. EFFECTIVE DATE; AMENDMENT; TERMINATION.

(a) The effective date of this Plan shall be the date of the approval of the shareholders.

(b) The Board may at any time, and from time to time, amend, suspend or terminate this Plan in whole or in part, provided, however, that the provisions of this Plan relating to the amount and price of securities to be awarded and the timing of such awards may not be amended more than once every six months, other than to comport with changes in the Internal Revenue Code, the Employee Retirement Income Security Act, each as amended, or the rules thereunder. However, except as provided herein, no amendment, suspension or termination of this Plan may affect the rights of any person to whom an Option has been granted without such person's consent.

(c) This Plan shall terminate ten years from its effective date, and no Option shall be granted under this Plan thereafter, but such termination shall not affect the validity of Options granted prior to the date of termination.

## AUDIT COMMITTEE CHARTER

## A. PURPOSE AND SCOPE

The primary function of the Audit Committee (the "Committee") is to assist the Board of Directors (the "Board") in fulfilling its responsibilities by reviewing: (i) the financial reports provided by the Corporation to the Securities and Exchange Commission ("SEC"), the Corporation's shareholders or to the general public, and (ii) the Corporation's internal financial and accounting controls.

## B. COMPOSITION

The Committee shall be comprised of a minimum of three directors as appointed by the Board, who shall meet the independence and audit committee composition requirements under any rules or regulations of The Nasdaq National Market, as in effect from time to time, and each such director shall be free from any relationship that, in the opinion of the Board, would interfere with the exercise of his or her independent judgment as a member of the Committee.

All members of the Committee shall either (i) be able to read and understand fundamental financial statements, including a balance sheet, cash flow statement and income statement, or (ii) be able to do so within a reasonable period of time after appointment to the Committee. At least one member of the Committee shall have employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities.

The Board may appoint one member who does not meet the independence requirements set forth above and who is not a current employee of the Corporation or an immediate family member of such employee if the Board, under exceptional and limited circumstances, determines that membership on the Committee by the individual is required in the best interests of the Corporation and its shareholders. The Board shall disclose in the next proxy statement after such determination the nature of the relationship and the reasons for the determination.

The members of the Committee shall be elected by the Board at the Board meeting following each annual meeting of stockholders and shall serve until their successors shall be duly elected and qualified or until their earlier resignation or removal. Unless a Chair is elected by the full Board, the members of the Committee may designate a Chair by majority vote of the full Committee membership.

## C. RESPONSIBILITIES AND DUTIES

To fulfill its responsibilities and duties the Committee shall:

### DOCUMENT REVIEW

1. Review and assess the adequacy of this Charter periodically as conditions dictate, but at least annually (and update this Charter if and when appropriate).
2. Review with representatives of management and representatives of the independent accounting firm the Corporation's audited annual financial statements prior to their filing as part of the Annual Report on Form 10-K. After such review and discussion, the Committee shall recommend to the Board whether such audited financial statements should be published in the Corporation's annual report on Form 10-K. The Committee shall also review the Corporation's quarterly financial statements prior to their inclusion in the Corporation's quarterly SEC filings on Form 10-Q.
3. Take steps designed to insure that the independent accounting firm reviews the Corporation's interim financial statements prior to their inclusion in the Corporation's quarterly reports on Form 10-Q.

### INDEPENDENT ACCOUNTING FIRM

4. Recommend to the Board the selection of the independent accounting firm, and approve the fees and other compensation to be paid to the independent accounting firm. The Committee and the Board shall have the ultimate authority and responsibility to select, evaluate and, when warranted, replace such independent accounting firm (or to recommend such replacement for shareholder approval in any proxy statement).
5. On an annual basis, receive from the independent accounting firm a formal written statement identifying all relationships between the independent accounting firm and the Corporation consistent with Independence Standards Board ("ISB") Standard 1, as it may be modified or supplemented. The Committee shall actively engage in a dialogue with the independent accounting firm as to any disclosed relationships or services that may impact its independence. The Committee shall take, or recommend that the Board take, appropriate action to oversee the independence of the independent accounting firm.
6. On an annual basis, discuss with representatives of the independent accounting firm the matters required to be discussed by Statement on Auditing Standards ("SAS") 61, as it may be modified or supplemented.
7. Meet with the independent accounting firm prior to the audit to discuss the planning and staffing of the audit.

8. Evaluate the performance of the independent accounting firm and recommend to the Board any proposed discharge of the independent accounting firm when circumstances warrant. The independent accounting firm shall be ultimately accountable to the Board and the Committee.

#### FINANCIAL REPORTING PROCESSES

9. In consultation with the independent accounting firm and management, consider the integrity of the Corporation's financial reporting processes and controls. Discuss significant financial risk exposures and the steps management has taken to monitor, control, and report such exposures. Consider the independent accounting firm's judgments about the quality and appropriateness of the Corporation's accounting principles as applied in its financial reporting.

#### COMPLIANCE

10. The Committee shall meet at least four times annually, or more frequently as circumstances dictate.
11. The Committee has the ability to retain, at the Corporation's expense, special legal, accounting, or other consultants or experts it deems necessary in the performance of its duties.

#### REPORTING

12. Prepare, in accordance with the rules of the SEC as modified or supplemented from time to time, a written report of the Committee to be included in the Corporation's annual proxy statement for each annual meeting of stockholders occurring after December 15, 2000.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Corporation's financial statements are complete and accurate and are in accordance with generally accepted accounting principles.
