Directors and Executive Officers

The following table sets forth for each director and executive officer of the Company his or her position with the Company as of January 15, 2016:

Name	Title
David J. Aldrich	Chairman of the Board and Chief Executive Officer
David J. McLachlan	Lead Independent Director
Kevin L. Beebe	Director

Balakrishnan S. Iyer	Director
Christine King	Director

Mark V.B. Tremallo	Vice President, General Counsel and Secretary

Directors

David J. Aldrich, age 59, serves as Chairman of the Board and Chief Executive Officer of the Company. From April 2000 until his election as Chairman in May 2014, Mr. Aldrich served as President and Chief Executive Officer and as a director of the Company. From September 1999 to April 2000, Mr. Aldrich served as President and Chief Operating Officer. From May 1999 to September 1999, Mr. Aldrich served as Executive Vice President, and from May 1996 to May 1999, Mr. Aldrich served as Vice President and General Manager of the semiconductor products business unit. Mr. Aldrich joined the Company in 1995 as Vice President, Chief Financial Officer and Treasurer. From 1989 to 1995, Mr. Aldrich held senior management positions at M/A-COM, Inc. (a developer and manufacturer of radio frequency and microwave semiconductors, components, and IP networking solutions), including Manager of Integrated Circuits Active Products, Corporate Vice President of Strategic Planning, Director of Finance and Administration and Director of Strategic Initiatives with the Microelectronics Division. Mr. Aldrich has also served since February 2007 as a director of Belden Inc. (a publicly traded designer and manufacturer of cable products and transmission solutions).

We believe that Mr. Aldrich, who has led Skyworks for more than 15 years, is qualified to serve as a director because of his leadership experience, his strategic decision making ability, his knowledge of the semiconductor industry and his in-depth knowledge of Skyworks' business. Mr. Aldrich brings to the Board of Directors his thorough knowledge of Skyworks' business, strategy, people, operations, competition, financial position, and investors. Further, as a result of his service as a director for Belden Inc., a multinational public company, Mr. Aldrich provides the Board of Directors with another organizational perspective and other cross board experience.

David J. McLachlan, age 77, has been a director since 2000 and Lead Independent Director since May 2014. He served as Chairman of the Board from May 2008 to May 2014. Mr. McLachlan served as a senior advisor to the Chairman and Chief Executive Officer of Genzyme Corporation (a publicly traded biotechnology company) from 1999 to 2004. He also was the Executive Vice President and Chief Financial Officer of Genzyme from 1989 to 1999. Prior to joining Genzyme, Mr. McLachlan served as Vice President and Chief Financial Officer of Adams-Russell Company (an electronic component supplier and cable television franchise owner). Mr. McLachlan also serves on the board of directors of Deltagen, Inc. (a publicly traded provider of drug discovery tools and services to the biopharmaceutical industry). He previously served as a director of Dyax Corp. until January 2016, when it was acquired by Shire plc.

We believe that Mr. McLachlan, the current Lead Independent Director, is qualified to serve as a director because he possesses a broad range of business experience as a result of his service as both chief financial officer and director for several public companies. In particular, Mr. McLachlan has in-depth experience handling complex accounting and finance issues for a broad range of companies. He has also served on the boards and audit and governance committees of other public companies (including

as chairman of the audit committee), and serves as a designated “audit committee financial expert” for Skyworks’ Audit Committee. In addition, Mr. McLachlan has extensive knowledge regarding Skyworks’ business, which he has acquired by serving for more than 15 years on the Board of Directors.

Kevin L. Beebe, age 56, has been a director since January 2004. Since November 2007, he has been President and Chief Executive Officer of 2BPartners, LLC (a partnership that provides strategic, financial, and operational advice to private equity investors and management). In 2014, Mr. Beebe became a founding partner of Astra Capital Management (a private equity firm based in Washington, D.C.). Previously, beginning in 1998, he was Group President of Operations at ALLTEL Corporation (a telecommunications services company). From 1996 to 1998, Mr. Beebe served as Executive Vice President of Operations for 360° Communications Co. (a wireless communication company). He has held a variety of executive and senior management positions at several divisions of Sprint, including Vice President of Operations and Vice President of Marketing and Administration for Sprint Cellular, Director of Marketing for Sprint North Central Division, Director of Engineering and Operations Staff and Director of Product Management and Business Development for Sprint Southeast Division, as well as Staff Director of Product Services at Sprint Corporation. Mr. Beebe began his career at AT&T/Southwestern Bell as a Manager. Mr. Beebe also serves as chairman of the board of directors of NII Holdings, Inc. (a publicly traded provider of wireless telecommunications services in Latin America), and as a director for SBA Communications Corporation (a publicly traded operator of wireless communications towers in North, South, and Central America) and Syniverse Technologies, Inc. (a privately held provider of support services for wireless carriers).

We believe that Mr. Beebe is qualified to serve as a director because of his 19 years of experience as an operating executive in the wireless telecommunications industry. For example, as Group President of Operations at ALLTEL, he was instrumental in expanding ALLTEL’s higher margin retail business, which significantly enhanced ALLTEL’s competitive position in a dynamic, consolidating industry. In addition, as Chief Executive Officer of 2BPartners, LLC, Mr. Beebe continues to gain a broad range of business experience and to build business relationships by advising leading private equity firms that are transacting business in the global capital markets. Mr. Beebe provides cross board experience by serving as a director for several public and private companies (including service on both audit and governance committees). Further, Mr. Beebe has served as a director of Skyworks since 2004 and has gained significant familiarity with Skyworks’ business.

Timothy R. Furey, age 57, has been a director since 1998. He has been Chief Executive Officer of MarketBridge (a privately owned digital marketing software and services firm) since 1991. MarketBridge provides digital marketing, predictive analytics, and sales effectiveness solutions to Fortune 1000 companies in the software, communications, financial services, life sciences, and consumer products sectors. Mr. Furey also serves as Managing Partner of the Technology Marketing Group (which advises and invests in emerging growth companies in the social media, mobile, and marketing automation markets). Prior to 1991, Mr. Furey worked with the Boston Consulting Group, Strategic Planning Associates, Kaiser Associates, and the Marketing Science Institute.

We believe that Mr. Furey is qualified to serve as a director because his experience as Chief Executive Officer of MarketBridge, as well as his engagements with MarketBridge’s clients (many of which are Fortune 1000 companies), provide him with a broad range of knowledge regarding business operations and growth strategies. In addition, Mr. Furey has extensive knowledge regarding Skyworks’ business, which he has acquired through over 17 years of service on the Board of Directors, including, for the past 12 years, as the Chairman of the Compensation Committee.

Balakrishnan S. Iyer, age 59, has been a director since June 2002. He served as Senior Vice President and Chief Financial Officer of Conexant Systems, Inc., from October 1998 to June 2003. Prior to joining Conexant, Mr. Iyer served as Senior Vice President and Chief Financial Officer of VLSI Technology Inc. Prior to that, he was Corporate Controller for Cypress Semiconductor Corp. and Director of Finance for Advanced Micro Devices, Inc. Mr. Iyer serves on the boards of directors of Power Integrations, Inc., QLogic Corporation, and IHS Inc. (each a publicly traded company). He served as a director of Conexant from February 2002 until April 2011, and as a director of Life Technologies Corp. from July 2001 until February 2014, when it was acquired by Thermo Fisher Scientific Inc.

We believe that Mr. Iyer is qualified to serve as a director because his experience as an executive officer of companies in the technology industry provides him with leadership, strategic, and financial experience. Through his experiences as a director at the public companies listed above (including as a member of certain audit, governance, and compensation committees) he provides the Board of Directors with significant financial expertise as a designated “audit committee financial expert” for Skyworks’ Audit Committee, bringing specific application to our industry, as well as a broad understanding of corporate governance topics.

Christine King, age 66, has been a director since January 2014. Since August 2015, she has served as Executive Chairman of QLogic Corporation (a publicly traded developer of high performance server and storage networking connectivity products), where she has also been a director since April 2013. Previously, Ms. King served as a director and as Chief Executive Officer of Standard Microsystems Corporation (a developer of silicon-based integrated circuits utilizing analog and mixed-signal technologies) from 2008 until the company’s acquisition in 2012 by Microchip Technology, Inc. Prior to Standard Microsystems, she was Chief Executive Officer of AMI Semiconductor, Inc., from 2001 until it was acquired by ON Semiconductor Corp. in 2008. From 1973 to 2001, Ms. King held various engineering, business, and management positions at IBM Corp., including Vice President of Semiconductor Products. In addition to serving as chairman of QLogic’s board of directors, Ms. King also serves as a director of Cirrus Logic, Inc., and IDACORP, Inc. (each a publicly traded company), and as a director of Idaho Power Company

(a subsidiary of IDACORP). She previously served as a director of Analog Devices, Inc., and Atheros Communications, Inc., prior to its acquisition by Qualcomm, Inc.

We believe that Ms. King is qualified to serve as a director because of her extensive management and operational experience in the high tech and semiconductor industries. In particular, through her experience as Chief Executive Officer of Standard Microsystems and AMI Semiconductor, as well as her service as a director of other public companies, Ms. King provides the Board of Directors with significant strategic, operational, and financial expertise.

David P. McGlade, age 55, has been a director since February 2005. He has served as Executive Chairman of Intelsat S.A. (a publicly traded worldwide provider of satellite communication services) since April 2015, prior to which he served as Chairman and Chief Executive Officer. Mr. McGlade joined Intelsat in April 2005 and was the Deputy Chairman of Intelsat from August 2008 until April 2013. Previously, Mr. McGlade served as an Executive Director of mmO2 PLC and as the Chief Executive Officer of O2 UK (a subsidiary of mmO2), a position he held from October 2000 until March 2005. Before joining O2 UK, Mr. McGlade was President of the Western Region for Sprint PCS.

We believe that Mr. McGlade is qualified to serve as a director because of his 32 years of experience in the telecommunications business, which have allowed him to acquire significant operational, strategic, and financial business acumen. Most recently, as a result of his work as the Chief Executive Officer of Intelsat, Mr. McGlade gained significant leadership and operational experience, as well as knowledge about the global capital markets.

Robert A. Schriesheim, age 55, has been a director since May 2006. He has been Executive Vice President and Chief Financial Officer of Sears Holdings since August 2011. From January 2010 to October 2010, Mr. Schriesheim was Chief Financial Officer of Hewitt Associates, Inc. (a global human resources consulting and outsourcing company that was acquired by Aon Corporation). From October 2006 until December 2009, he was the Executive Vice President and Chief Financial Officer of Lawson Software, Inc. (a publicly traded ERP software provider). From August 2002 to October 2006, he was affiliated with ARCH Development Partners, LLC (a seed stage venture capital fund). Before joining ARCH, Mr. Schriesheim held executive positions at Global TeleSystems, SBC Equity Partners, Ameritech, AC Nielsen, and Brooke Group Ltd. Mr. Schriesheim currently serves as a director of Houlihan Lokey Inc. (a publicly traded financial services firm) and NII Holdings, Inc. (a publicly traded provider of wireless telecommunications services in Latin America), and previously served as a director of Lawson Software until its sale in July 2011. In addition, from 2004 until 2007, he was also a director of Dobson Communications Corp. (a former publicly traded wireless services communications company that was acquired by AT&T Inc.) and from 2007 until 2009 he served as a director of MSC Software Corp. (a former publicly traded provider of integrated simulation solutions for designing and testing manufactured products that was acquired by Symphony Technology Group).

We believe that Mr. Schriesheim is qualified to serve as a director because of his extensive knowledge of the capital markets, experience with corporate financial capital structures, and long history of evaluating and structuring merger and acquisition transactions within the technology sector. Mr. Schriesheim also has significant experience, as a senior executive and director in both public and private companies in the technology sector, leading companies through major strategic and financial corporate transformations while doing business in the global marketplace. He also serves as a designated “audit committee financial expert” for Skyworks’ Audit Committee.

In addition to the information presented above regarding each director’s specific experience, qualifications, attributes and skills that led our Board of Directors to conclude that he or she should serve as a director, we also believe that each of our directors has a reputation for integrity, honesty and adherence to high ethical standards. They have each demonstrated business acumen, an ability to exercise sound judgment and a commitment of service to Skyworks. Each of our directors will serve until the 2016 Annual Meeting of stockholders and until their successors are elected and qualified or until their earlier resignation or removal.

ITEM 11. EXECUTIVE COMPENSATION.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis section discusses the compensation policies and programs for our Chief Executive Officer, our Chief Financial Officer and our three next most highly paid executive officers during fiscal year 2015 as determined under the rules of the SEC. We refer to this group of executive officers as our “Named Executive Officers.” For fiscal year 2015, our Named Executive Officers were:

- David J. Aldrich, Chairman and Chief Executive Officer;
- Donald W. Palette, Executive Vice President and Chief Financial Officer;
- Liam K. Griffin, President;
- Bruce J. Freyman, Executive Vice President, Worldwide Operations; and
- Mark V.B. Tremallo, Vice President, General Counsel and Secretary.

Approach for Determining Form and Amounts of Compensation

The Compensation Committee, which is composed solely of independent directors within the meaning of applicable NASDAQ Rules, outside directors within the meaning of Section 162 of the Internal Revenue Code (“IRC”), and non-employee directors within the meaning of Rule 16b-3 under the Exchange Act, is responsible for determining all components and amounts of compensation to be paid to our Named Executive Officers, as well as any other executive officers or employees who report directly to the Chief Executive Officer. The Compensation Committee sets compensation for the Named Executive Officers, including salary, short-term incentives, and long-term stock-based awards, at levels generally intended to be competitive with the compensation of comparable executives in semiconductor companies with which the Company competes for executive talent.

Compensation Program Objectives

The objectives of our executive compensation program are to attract, retain and motivate highly qualified executives to operate our business, and to link the compensation of those executives to improvements in the Company’s financial performance and increases in stockholder value. Accordingly, the Compensation Committee’s goals in establishing our executive compensation program include:

- ensuring that our executive compensation program is competitive with a group of companies in the semiconductor industry with which we compete for executive talent;
- providing a base salary that serves as the foundation of a compensation package that attracts and retains the executive talent needed to achieve our business objectives;
- providing short-term variable compensation that motivates executives and rewards them for achieving Company financial performance targets;
- providing long-term stock-based compensation that aligns the interest of our executives with stockholders by rewarding them for long-term increases in stockholder value; and
- ensuring that our executive compensation program is perceived as fundamentally fair to all of our employees.

Retention of Compensation Consultant

The Compensation Committee has engaged Aon/Radford Consulting (“Aon/Radford”) to assist in determining the components and amount of executive compensation. Aon/Radford reports directly to the Compensation Committee, through its chairperson, and the Compensation Committee retains the right to terminate or replace the consultant at any time. The consultant advises the Compensation Committee on such compensation matters as are requested by the Compensation Committee. The Compensation Committee considers the consultant’s advice on such matters in addition to any other information or factors it considers relevant in making its compensation determinations.

The Compensation Committee has considered the relationships that Aon/Radford has with the Company, the members of the Compensation Committee and our executive officers, as well as the policies that Aon/Radford has in place to maintain its independence and objectivity, and has determined that Aon/Radford's work for the Compensation Committee has not raised any conflicts of interest.

Role of Chief Executive Officer

The Compensation Committee also considers the recommendations of the Chief Executive Officer regarding the compensation of the other Named Executive Officers and each of his other direct reports. These recommendations include an assessment of each individual's responsibilities, experience, performance and contribution to the Company's performance, and also generally take into account internal factors such as historical compensation and level in the organization, in addition to external factors such as the current environment for attracting and retaining executives.

Establishment of Comparator Group Data

In determining compensation for each of the Named Executive Officers, the committee utilizes "Comparator Group" data for each position. For fiscal year 2015, the Compensation Committee approved Comparator Group data consisting of a 50/50 blend of (i) Aon/Radford survey data of 23 semiconductor companies (where sufficient data was not available in the Aon/Radford semiconductor survey data for a given executive position, the Comparator Group data also included survey data regarding high-technology companies), and (ii) the "peer" group data for 17 publicly traded semiconductor companies with which the Company competes for executive talent:

*Altera	*Freescale Semiconductor	*Microsemi
*Analog Devices	*Linear Technology	*NVIDIA
*Avago Technologies	*LSI	*ON Semiconductor
*Broadcom	*Marvell Technology	*RF Micro Devices
*Cree	*Maxim Integrated Products	*Xilinx
*Fairchild Semiconductor	*Microchip Technology	

Use of Comparator Group Data

The Compensation Committee annually compares the components and amounts of compensation that we provide to our Chief Executive Officer and other Named Executive Officers with the components and amounts of compensation provided to their counterparts in the Comparator Group and uses this comparison data as a guideline in its review and determination of base salaries, short-term incentives, and long-term stock-based compensation awards, as discussed in further detail below under "*Components of Compensation*." In addition, in setting fiscal year 2015 compensation, the Compensation Committee sought and received input from Aon/Radford regarding the base salaries for the Chief Executive Officer and each of the other executive officers, the incentive targets relating to the short-term incentive program for executive officers, and the individual stock-based compensation awards for executive officers, as well as the related vesting schedules.

After reviewing the data and considering the input, the Compensation Committee established (and the full Board of Directors was advised of) the base salary, short-term incentive target, and long-term stock-based compensation award for each Named Executive Officer. In establishing individual compensation, the Compensation Committee also considered the input of the Chief Executive Officer, as well as the individual experience and performance of each executive.

In determining the compensation of our Chief Executive Officer, our Compensation Committee focused on (i) competitive levels of compensation for chief executive officers who are leading a company of similar size and complexity, (ii) the importance of retaining a chief executive officer with the strategic, financial, and leadership skills necessary to ensure our continued growth and success, (iii) our Chief Executive Officer's role relative to the other Named Executive Officers, (iv) input from the full Board of Directors on our Chief Executive Officer's performance, and (v) the considerable length of our Chief Executive Officer's 21 years of service to the Company. Aon/Radford advised the Compensation Committee that the base salary, annual performance targets, short-term incentive target opportunity, and equity-based compensation established by the Compensation Committee for fiscal year 2015 were competitive for chief executive officers leading companies of similar size and complexity in the semiconductor industry. Our Chief Executive Officer was not present during the voting or deliberations of the Compensation Committee concerning his compensation. As stated above, however, the Compensation Committee did consider the recommendations of the Chief Executive Officer regarding the compensation of the other Named Executive Officers and each of his other direct reports.

Response to Stockholder Vote on Executive Compensation at 2015 Annual Meeting

At our 2015 Annual Meeting of stockholders, approximately 96% of the votes cast approved the compensation of the Company's named executive officers as disclosed in the proxy statement delivered to our stockholders in connection with the 2015 Annual Meeting. We understood this to mean that stockholders generally approved of our compensation policies and determinations in 2015. However, our Compensation Committee still undertook a review of our compensation policies and determinations following the 2015 Annual Meeting with the assistance of Aon/Radford. After this review and consideration of evolving best practices in executive compensation by public companies generally, upon the recommendation of our Compensation Committee, we determined not to make any significant changes to our executive compensation decisions and policies. The Compensation Committee periodically reviews the goals we would like to achieve through our executive compensation practices and explores ways to modify those practices to either achieve new goals or to enhance our ability to achieve existing goals.

Components of Compensation

The key elements of compensation for our Named Executive Officers are base salary, short-term incentives, long-term stock-based incentives, 401(k) plan retirement benefits, medical, dental, vision, life and disability insurance, and financial planning benefits. Consistent with our objective of ensuring that executive compensation is perceived as fair to all employees, the Named Executive Officers do not receive any retirement benefits beyond those generally available to our full-time employees, and we do not provide medical, dental, vision, or other insurance benefits to Named Executive Officers that are different from those offered to other full-time employees.

Base Salary

Base salaries provide our executive officers with a degree of financial certainty and stability. The Compensation Committee determines a competitive base salary for each executive officer using the Comparator Group data and input provided by Aon/Radford. Based on these factors, base salaries of the Named Executive Officers for fiscal year 2015 were generally targeted at the Comparator Group median, with consideration given to role, responsibility, performance and length of service. After taking these factors into account, the base salary for each Named Executive Officer for fiscal year 2015 increased on average 3.4% from the Named Executive Officer's base salary in fiscal year 2014, and ranged from an increase of 3.0% to 4.7%.

Short-Term Incentives

Our short-term incentive compensation plan for executive officers is established annually by the Compensation Committee. For fiscal year 2015, the Compensation Committee adopted the 2015 Executive Incentive Plan (the "Incentive Plan"). The Incentive Plan established short-term incentive awards that could be earned annually by certain officers of the Company, including the Named Executive Officers, based on the Company's achievement of certain corporate performance goals established on an annual basis. Short-term incentive compensation is intended to motivate and reward executives by tying a significant portion of their total compensation to the Company's achievement of pre-established performance goals that are generally short-term (i.e., one year or less). Pursuant to the Incentive Plan, the Compensation Committee sets a range of short-term compensation that can be earned by each executive officer based on the Comparator Group data, which is expressed as a percentage of the executive officer's base salary and which corresponds to the level of achievement of the performance goals. The low end of that range, referred to as the "threshold" percentage, is equal to the amount of compensation payable to the executive if the level of achievement of each performance goal applicable to the executive was at the minimum set by the Compensation Committee to be eligible to receive a payment for that goal under the Incentive Plan (referred to as the "threshold" level). At the threshold payout level, the short-term compensation was designed to result in a payout less than the median short-term compensation of the Comparator Group. The middle of the range, referred to as the "target" percentage, is equal to the amount of short-term compensation payable to the executive if the level of achievement of each performance goal applicable to the executive met the expectations set by the Compensation Committee (referred to as the "target" level). Achievement of all performance goals at the "target" level would result in a short-term compensation payout equal to the "target" percentage, which is designed to be the median short-term compensation of the Comparator Group. The high end of the range, referred to as the "maximum" percentage, is equal to the amount of compensation payable to the executive if the level of achievement of each performance goal applicable to the executive reached the high-end target set by the Compensation Committee for such goal (referred to as the "maximum" level). Achievement of all performance goals at the "maximum" level would result in a short-term compensation payout at the "maximum" percentage, which is designed to be above the median short-term compensation of the Comparator Group. Absent an exercise of discretion by the Compensation Committee, the total short-term compensation paid to each executive would not exceed the "maximum" percentage and, in the event that the level of achievement of all performance goals was below the "threshold" level, no short-term compensation payment would be made to the executive. The following table shows the range of short-term compensation that each Named Executive Officer could earn in fiscal year 2015 as a percentage of such executive officer's annual base salary.

	Threshold	Target	Maximum
Chief Executive Officer	75%	150%	300%
President	45%	90%	180%
Executive Vice President and Chief Financial Officer	40%	80%	160%
Executive Vice President, Worldwide Operations	35%	70%	140%
Vice President, General Counsel and Secretary	27.5%	55%	110%

The actual total amount of short-term compensation payable to an executive depends on the level of achievement of each performance goal assigned to him. For fiscal year 2015 the Compensation Committee determined that the short-term incentive compensation payable under the Incentive Plan would be based on the Company's performance for the entire fiscal year, consistent with the Compensation Committee's approach for the prior fiscal year. The Compensation Committee established performance goals for fiscal year 2015 based on achieving revenue and non-GAAP operating margin targets. Each of the two performance goals was weighted equally (50% each) toward each Named Executive Officer's payment under the Incentive Plan. The non-GAAP operating margin performance goal is based on the Company's actual non-GAAP operating margin, which it calculates by excluding from GAAP operating income stock compensation expense, restructuring-related charges, acquisition-related expenses, litigation settlement gains and losses, and certain deferred executive compensation.

The Compensation Committee determines with respect to each performance goal the "threshold," "target" and "maximum" levels of achievement, which correspond to the matching descriptions set forth above. For Company performance goals, the levels of achievement will be consistent across the executives to which such goals apply.

Following the end of the fiscal year, the Compensation Committee determines the total amount of short-term compensation payable to each executive for such period by comparing the actual level of achievement of each performance goal assigned to such executive against the "threshold," "target," and "maximum" levels of achievement that it set for that performance goal. The Compensation Committee determines the amount of short-term compensation the executive is eligible to receive with respect to each performance goal as follows:

- If the level of achievement for that performance goal falls below the "threshold" level, then the executive will not earn any short-term compensation with respect to that performance goal (absent an exercise of discretion by the Compensation Committee).
- If the level of achievement for that performance goal is equal to the "threshold," "target" or "maximum" level, then the executive earns the product obtained by *multiplying* (i) the "threshold," "target" or "maximum" percentage, as applicable, *times* (ii) the executive's base salary during the fiscal year, *times* (iii) the weighting assigned to that performance goal.
- If the level of achievement for the performance goal falls in between either the "threshold" and "target" levels or the "target" and "maximum" levels, the executive would earn short-term compensation equal to the short-term compensation payable at the "threshold" or "target" level, respectively, *plus* a pro rata amount of the difference between the short-term compensation payable for that performance goal at, respectively, the "threshold" and "target" levels or the "target" and "maximum" levels.
- Absent an exercise of discretion by the Compensation Committee, if the level of achievement for the performance goal exceeds the "maximum" level, the executive will only earn the amount payable for achievement at the "maximum" level.

The computation of each executive's short-term compensation under the Incentive Plan is not a weighted average of the level of achievement across all performance goals, but rather an evaluation of each performance goal individually, a determination of the portion of the total eligible bonus allocated to that performance goal that can be earned and a summation of those amounts.

The target level performance goals established by the Compensation Committee under the Incentive Plan are based on the Company's historical operating results and growth rates as well as the Company's expected future results and are designed to require significant effort and operational success on the part of our executives and the Company. The maximum level performance goals established by the Compensation Committee have historically been difficult to achieve and are designed to represent outstanding performance that the Compensation Committee believes should be rewarded. Typically, financial performance goals are set with the expectation that the "target" level will be higher than the consensus analyst estimates for the Company.

The Incentive Plan stipulated that all payouts to executives under the Incentive Plan were conditioned upon the Company achieving a performance goal based on non-GAAP operating margin (after accounting for any incentive award payments, including

those to be made under the Incentive Plan) at the “threshold” level. The Compensation Committee retains the discretion, based on the recommendation of the Chief Executive Officer, to make payments even if the threshold performance metrics are not met or to make payments in excess of the maximum level if the Company’s performance exceeds the maximum metrics. The Compensation Committee believes it is appropriate to retain this discretion in order to make short-term compensation awards in extraordinary circumstances.

The Company’s actual revenue and non-GAAP operating margin achieved in fiscal year 2015 each exceeded the respective maximum performance levels, resulting in a short-term compensation award for each Named Executive Officer equal to his maximum payment level, or 200% of the target payment level.

Long-Term Stock-Based Compensation

The Compensation Committee generally makes long-term stock-based compensation awards to executive officers on an annual basis. Long-term stock-based compensation awards are intended to align the interests of our executive officers with our stockholders, and to reward our executive officers for increases in stockholder value over long periods of time (i.e., greater than one year). It is the Company’s practice to make stock-based compensation awards to executive officers in November of each year at a prescheduled Compensation Committee meeting. For fiscal year 2015, the Compensation Committee made awards to each of the Named Executive Officers on November 10, 2014, at a regularly scheduled Compensation Committee meeting. Stock options awarded to the Named Executive Officers at the meeting had an exercise price equal to the closing sale price on the meeting date of the Company’s common stock on the NASDAQ Global Select Market.

In making annual stock-based compensation awards to executive officers for fiscal year 2015, the Compensation Committee first reviewed the Comparator Group data to determine the percentage of the total number of outstanding shares of stock that companies in the Comparator Group typically made for annual awards under employee equity compensation programs. The Compensation Committee then set the number of shares of the Company’s common stock that would be made available for annual equity awards at approximately the median of the Comparator Group after its evaluation of the Company’s business needs for the attraction and retention of executives and employees, internal and external circumstances impacting the Company and its employees, and proxy advisor (e.g., ISS) guidelines. The Compensation Committee then reviewed the Comparator Group competitive grant data by executive position. The Compensation Committee then used that data and the Comparator Group data to determine a dollar value equivalent for the long-term equity-based award for each executive officer. Forty percent (40%) of that dollar equivalent value served as the basis for determining a number of stock options to award to the executive using an estimated Black-Scholes value, and the remaining sixty percent (60%) of the dollar equivalent value served as the basis for determining a number of performance share awards (“PSAs”) for the executive using the fair market value of the Company’s common stock on the date of such award and an assumption that the Company would achieve the “target” level of performance required to earn the PSA. The Compensation Committee’s rationale for awarding PSAs is to further align the executive’s interest with those of the Company’s stockholders by using equity awards that will vest only if the Company achieves pre-established performance metrics. A description of the PSAs, including the method by which they vest and the related performance metrics, is set forth below in the “*Grants of Plan-Based Awards Table*.”

Other Compensation and Benefits

We provide other benefits to our executive officers that are intended to be part of a competitive overall compensation program and are not tied to any company performance criteria. Consistent with the Compensation Committee’s goal of ensuring that executive compensation is perceived as fair to all stakeholders, the Company offers medical, dental, vision, life and disability insurance plans to executive officers under the same terms as such benefits are offered to other employees. Additionally, executive officers are permitted to participate in the Company’s 401(k) Savings and Investment Plan and Employee Stock Purchase Plan under the same terms as other employees. The Company does not provide executive officers with any enhanced retirement benefits (i.e., executive officers are subject to the same limits on contributions as other employees, as the Company does not offer any supplemental executive retirement plan or other similar non-qualified deferred compensation plan), and they are eligible for 401(k) company-match contributions under the same terms as other employees. In fiscal year 2015, the Company offered executives the opportunity to participate in financial planning services through The Ayco Company, L.P. (“Ayco”), at a cost of up to approximately \$15,000 per executive paid by the Company. In fiscal year 2015, Messrs. Aldrich, Palette, and Tremallo received financial planning services through Ayco. Mr. Aldrich, however, elected to pay personally for such services.

In prior fiscal years certain executive officers were provided an opportunity to participate in the Company’s Executive Compensation Plan (the “Executive Compensation Plan”), an unfunded, non-qualified deferred compensation plan, under which participants were allowed to defer a portion of their compensation. As a result of deferred compensation legislation under Section 409A of the IRC, effective December 31, 2005, the Company no longer permits employees to make contributions to the plan. Upon retirement, as defined in the Executive Compensation Plan, or other separation from service, or, if so elected, upon any earlier change in control of the Company, a participant is entitled to a payment of his vested account balance, either in a single

lump sum or in annual installments, as elected in advance by the participant. Although the Company had discretion to make additional contributions to the accounts of participants while the Executive Compensation Plan was active, it never did so. Mr. Aldrich is the only Named Executive Officer who participated in the Executive Compensation Plan while it was active.

Severance and Change-in-Control Benefits

None of our executive officers, including the Named Executive Officers, has an employment agreement that provides a specific term of employment with the Company. Accordingly, the employment of any such employee may be terminated at any time. We do provide certain benefits to our Named Executive Officers upon certain qualifying terminations of employment and in connection with terminations of employment under certain circumstances following a change in control. A description of the material terms of our severance and change-in-control arrangements with the Named Executive Officers can be found immediately below and further below under “*Potential Payments Upon Termination or Change in Control.*”

The Company believes that severance protections can play a valuable role in recruiting and retaining superior talent. Severance and other termination benefits are an effective way to offer executives financial security to incent them to forego an opportunity with another company. These agreements also protect the Company as the Named Executive Officers are bound by restrictive non-compete and non-solicit covenants for up to two years after termination of employment. Outside of the change-in-control context, each Named Executive Officer is entitled to severance benefits if his employment is involuntarily terminated by the Company without cause and, in the case of the Chief Executive Officer, if he terminates his own employment for good reason (as defined in the agreement). In addition, provided he forfeits certain equity awards and agrees to serve on the Company’s Board of Directors for a minimum of two years, the Chief Executive Officer is entitled to certain severance benefits upon termination of his employment for any reason. The Compensation Committee believes that this provision facilitates his retention with the Company. The level of each Named Executive Officer’s severance or other termination benefit is generally tied to his respective annual base salary and any short-term incentive earned.

Additionally, each Named Executive Officer would receive enhanced severance benefits and accelerated vesting of equity awards if his employment were terminated under certain circumstances in connection with a change in control of the Company. These benefits are described in detail further below under “*Potential Payments Upon Termination or Change in Control.*” The Company believes these enhanced severance benefits and accelerated vesting are appropriate because the occurrence, or potential occurrence, of a change-in-control transaction would likely create uncertainty regarding the continued employment of executive officers that typically occurs in a change-in-control context, and such severance benefits and accelerated vesting encourage the Named Executive Officers to remain employed with the Company through the change-in-control process and to focus on enhancing stockholder value both before and during the process. In addition, the vesting protection helps assure the Named Executive Officers that they will not lose the expected value of their equity awards because of a change in control of the Company.

Executive Officer Stock Ownership Requirements

We have adopted Executive Stock Ownership guidelines with the objective of more closely aligning the interests of our executive officers (including our Named Executive Officers) with those of our stockholders. Under the Executive Officer Ownership guidelines, our Chief Executive Officer is required to hold the *lower* of (a) the number of shares with a fair market value equal to six (6) times his current base salary, or (b) 382,200 shares; our President is required to hold the *lower* of (a) the number of shares with a fair market value equal to three (3) times his current base salary, or (b) 114,000 shares; our Executive Vice President and Chief Financial Officer and our Executive Vice President, Worldwide Operations, are each required to hold the *lower* of (a) the number of shares with a fair market value equal to two and one-half (2^{1/2}) times such executive’s current base salary, or (b) 89,800 or 92,500 shares, respectively; and our Vice President and General Counsel is required to hold the *lower* of (a) the number of shares with a fair market value equal to two (2) times his current base salary, or (b) 65,000 shares. For purposes of the Executive Stock Ownership guidelines, the fair market value of the Company’s common stock is the average closing price per share of the Company’s common stock as reported on the NASDAQ Global Select Market (or if the common stock is not then traded on such market, such other market on which the common stock is traded) for the twelve (12) month period ending with the determination date. As of January 15, 2016, all of our Named Executive Officers were in compliance with the stock ownership guidelines.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the IRC generally disallows a tax deduction for compensation in excess of \$1 million paid to our Chief Executive Officer and any of our three other most highly compensated executive officers, other than our Chief Financial Officer.

Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if applicable requirements are met. The Compensation Committee reviews the potential effect of Section 162(m) periodically and generally seeks to structure the compensation of our executive officers in a manner that is intended to avoid disallowance of

deductions under Section 162(m). However, the Compensation Committee reserves the right to use its judgment to authorize compensation payments that may be subject to the limit when the Compensation Committee believes such payments are appropriate and in the best interests of the Company and our stockholders, after taking into consideration changing business conditions and the performance of our employees.

(1)The amounts in the Stock Awards and Option Awards columns represent the grant date fair values, computed in accordance with the provisions of FASB ASC Topic 718—Compensation—Stock Compensation (“ASC 718”), of stock options, PSAs, RSUs, and restricted stock awards granted during the applicable fiscal year, without regard to estimated forfeiture rates. For fiscal year 2013, assuming the highest level of performance achievement with respect to the PSAs, the grant date fair values of the Stock Awards would be two (2) times the amounts shown in the table. For fiscal years 2014 and 2015, assuming the highest level of performance achievement with respect to the PSAs, the grant date fair values of the Stock Awards would be as follows: Mr. Aldrich (FY 2014: \$3,611,003; FY 2015: \$6,493,260), Mr. Palette (FY 2014: \$2,324,401; FY 2015: \$1,885,140), Mr. Griffin (FY 2014: \$3,213,329; FY 2015: \$2,471,628), Mr. Freyman (FY 2014: \$1,916,940; FY 2015: \$1,152,030), and Mr. Tremallo (FY 2014: \$601,834; FY 2015: \$1,047,300). For a description of the assumptions used in calculating the fair value of equity awards in 2015 under ASC 718, see Note 9 of the Company’s financial statements included in the Company’s Annual Report on Form 10-K filed with the SEC on November 24, 2015.

(2)Reflects amounts paid to the Named Executive Officers pursuant to the executive incentive plan adopted by the Compensation Committee for each year indicated. For the first half of fiscal year 2013, as well as for fiscal years 2014 and 2015, the portion of the respective executive incentive plan attributable to Company performance above the “target” performance metric was paid in the form of unrestricted common stock of the Company as follows: Mr. Aldrich (FY 2013: \$165,502; FY 2014: \$1,110,000; FY 2015: \$1,162,500), Mr. Palette (FY 2013: \$48,069; FY 2014: \$305,250; FY 2015: \$336,000), Mr. Griffin (FY 2013: \$57,114; FY 2014: \$403,622; FY 2015: \$463,500), Mr. Freyman (FY 2013: \$44,296; FY 2014: \$280,000; FY 2015: \$288,400), and Mr. Tremallo (FY 2013: \$30,699; FY 2014: \$194,700; FY 2015: \$200,750). The number of shares awarded in lieu of cash was based on the fair market value of the Company’s common stock on May 7, 2013, and November 7, 2013, with respect to fiscal year 2013, on November 10, 2014, with respect to fiscal year 2014, and on November 9, 2015, with respect to fiscal year 2015, which are the respective dates that the payments under the respective executive incentive plans were approved by the Compensation Committee.

(3)“All Other Compensation” includes the Company’s contributions to the executive’s 401(k) Plan account, the cost of group term life insurance premiums, and financial planning services.

(1)The amounts shown represent the potential value of awards earned under the Incentive Plan. The amounts actually paid to the Named Executive Officers under the Incentive Plan are shown above in the “Summary Compensation Table” under “Non-Equity Incentive Plan Compensation.” For a more complete description of the Incentive Plan, please see description above under “Components of Compensation—Short-Term Incentives.”

(2)The amounts shown represent shares potentially issuable pursuant to PSAs granted on November 10, 2014, under the Company’s Amended and Restated 2005 Long-Term Incentive Plan (the “FY15 PSAs”). The FY15 PSAs have both “performance” and “continued employment” conditions that must be met in order for the executive to receive shares underlying the award.

The “performance” condition guides the initial eligibility of the grantee to receive shares under the PSA and compares the non-GAAP operating margin achieved (related to 50% of the shares underlying the award) and the total stockholder return, or TSR, percentile ranking achieved with respect to our peer group (related to the other 50% of the shares underlying the award) during the performance period against a range of pre-established targets. The peer group for purposes of the TSR percentile ranking metric includes each of the companies in the Comparator Group and excludes any such company that during fiscal year 2015 is acquired by or merged with (or enters into an agreement to be acquired by or merged with) another entity. The Compensation Committee determines the “threshold” or minimum level of performance that would be acceptable to the Company to justify a payout. The “maximum” level represents a best-case performance scenario. The middle of the range is referred to by the Company as the “target” level and represents the expected performance of the Company. The number of shares issuable under the FY15 PSAs corresponds to the level of achievement of the performance goals. The “target” number of shares is determined with reference to the competitive level of long-term equity compensation determined by the Compensation Committee in the manner described above. Performance at the “threshold” level results in an issuance of a number of shares equal to one-half (1/2) the “target” number of shares, and performance at the “maximum” level results in the issuance of a number of shares equal to two (2) times the “target” number of shares. Performance in between either the “threshold” and “target” levels or the “target” and “maximum” levels results in an issuance of a number of shares between the number of shares issuable under the FY15 PSAs at, respectively, the “threshold” and “target” levels or the “target” and “maximum” levels.

The “continued employment” condition of the FY15 PSAs provides that, to the extent that the non-GAAP operating margin and TSR percentile ranking performance metrics are met for the fiscal year, then twenty-five percent (25%) of the total shares for which the performance metric was met would be issuable to the executive on the first anniversary of the grant date, twenty-five percent (25%) of such shares would be issuable to the executive on the second anniversary of the grant date, and the remaining fifty percent (50%) of such shares would be issuable to the executive on the third anniversary of the grant date, provided that the executive remains employed by the Company through each such vesting date. In the event of termination by reason of death or permanent disability, the holder of an FY15 PSA (or his estate) would receive any shares that would have been issuable thereunder during the remaining term of the award (i.e., earned but unissued shares).

- (3)The options vest over four years at a rate of 25% per year commencing one year after the date of grant and on each subsequent anniversary of the grant date for the following three years, provided the executive remains employed by the Company through each such vesting date. Options may not be exercised more than three months after the executive ceases to be employed by the Company, except in the event of certain qualifying terminations of employment, including by reason of death or permanent disability, in which event the option may be exercised for specific periods not exceeding one year following the termination of employment (or eighteen (18) months, in the case of a qualifying termination of employment following a change in control).
- (4)Stock options awarded to executive officers have an exercise price equal to the closing price of the Company’s common stock on the grant date.
- (5)Reflects the grant date fair value of the FY15 PSAs granted on November 10, 2014, computed in accordance with the provisions of ASC 718, using (a) a Monte Carlo simulation (which weights the probability of multiple potential outcomes) to value the portion of the award related to TSR percentile ranking, and (b) a price of \$60.97 per share, which was the closing sale price of the Company’s common stock on the NASDAQ Global Select Market on November 10, 2014, to value the portion of the award related to non-GAAP operating margin, assuming performance at the “target” level. For a description of the assumptions used in calculating the fair value of equity awards granted in fiscal year 2015 under ASC 718, see Note 9 of the Company’s financial statements included in the Company’s Annual Report on Form 10-K filed with the SEC on November 24, 2015.
- (6)Reflects the grant date fair value of the stock options granted on November 10, 2014, computed in accordance with the provisions of ASC 718 using the Black-Scholes model of option valuation. The actual value, if any, the executive may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised. For a description of the assumptions used in calculating the fair value of equity awards granted in fiscal year 2015 under ASC 718, see Note 9 of the Company’s financial statements included in the Company’s Annual Report on Form 10-K filed with the SEC on November 24, 2015.

Option Exercises and Stock Vested Table

The following table summarizes the Named Executive Officers' option exercises and stock award vesting during fiscal year 2015.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)(1)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$)(2)
David J. Aldrich	320,801	20,655,086	155,154	9,410,689

Mark V.B. Tremallo	69,500	3,676,748	25,414	1,541,317

(1)The value realized on exercise is based on the amount by which the market price of a share of the Company's common stock on the dates of exercise exceeded the applicable exercise price per share of the exercised option.

(2)The value realized upon vesting is determined by multiplying (a) the number of shares underlying the stock awards that vested, by (b) the closing price of the Company's common stock on the NASDAQ Global Select Market on the applicable vesting date.

Nonqualified Deferred Compensation Table

As described above under "Components of Compensation—Other Compensation and Benefits," Mr. Aldrich is the only Named Executive Officer who participated in the Executive Compensation Plan while it was active, and he elected to be paid his aggregate account balance under the plan in a single lump sum upon his future retirement or other separation from service. Mr. Aldrich's contributions are credited with earnings/losses based upon the performance of the investments he selects.

The following table summarizes Mr. Aldrich's aggregate earnings and aggregate account balance under the Executive Compensation Plan in fiscal year 2015. In fiscal year 2015, there were no withdrawals by or distributions to Mr. Aldrich.

Name	Aggregate Earnings in Last Fiscal Year (\$)	Aggregate Balance at Last Fiscal Year-End (\$)(1)
David J. Aldrich	29,614	1,154,072

(1)Balance as of October 2, 2015. This amount consists of Mr. Aldrich's individual contributions and the return/(loss) generated from the investment of those contributions. The full amount of Mr. Aldrich's individual contributions was previously reported as compensation to Mr. Aldrich in the Summary Compensation Tables of the fiscal years in which such contributions were made.

Potential Payments Upon Termination or Change in Control

Mr. Aldrich

In January 2008, the Company entered into an amended and restated Change of Control / Severance Agreement with Mr. Aldrich (the "Aldrich Agreement"). The Aldrich Agreement sets out severance benefits that become payable if, within two (2) years after a change of control, Mr. Aldrich either (i) is involuntarily terminated without cause, or (ii) voluntarily terminates his employment. The severance benefits provided to Mr. Aldrich in such circumstances will consist of the following: (i) a lump sum payment equal to two and one-half (2^{1/2}) times the sum of (A) his annual base salary immediately prior to the change of control, and (B) his annual short-term incentive award (calculated as the greater of (x) the average short-term incentive awards received for the three years prior to the year in which the change of control occurs, or (y) the target annual short-term incentive award for the year in which the change of control occurs); (ii) all then-outstanding stock options will remain exercisable for a period of thirty (30) months after the termination date (but not beyond the expiration of their respective maximum terms); and (iii) continued medical benefits for a period of eighteen (18) months after the termination date. The Aldrich Agreement provides that the foregoing payments are subject to a gross-up payment for any applicable excise taxes incurred under Section 4999 of the IRC; however, as described below, Mr. Aldrich has waived his right to receive this gross-up payment. Additionally, in the event of a change of control, the Aldrich Agreement provides for full acceleration of the vesting of all then-outstanding stock options and restricted stock awards and partial acceleration of any outstanding PSAs.

The Aldrich Agreement also sets out severance benefits outside of a change of control that become payable if, while employed by the Company, Mr. Aldrich either (i) is involuntarily terminated without cause, or (ii) terminates his employment for good reason. The severance benefits provided to Mr. Aldrich under either of these circumstances will consist of the following: (i) a lump sum payment equal to two (2) times the sum of (A) his annual base salary immediately prior to such termination, and (B) his annual short-term incentive award (calculated as the greater of (x) the average short-term incentive awards received for the three (3) years prior to the year in which the termination occurs, or (y) the target annual short-term incentive award for the year in which the termination occurs); and (ii) full acceleration of the vesting of all outstanding stock options and restricted stock awards, with such stock options to remain exercisable for a period of two (2) years after the termination date (but not beyond the expiration of their respective maximum terms), and, with respect to any PSAs outstanding, shares subject to such award would have been deemed earned to the extent any such shares would have been earned pursuant to the terms of such award as of the day prior to the date of such termination (without regard to any continued service requirement) (collectively, "Severance Benefits"). In the event of Mr. Aldrich's death or disability, all outstanding stock options will vest in full and remain exercisable for a period of twelve (12) months following the termination of employment (but not beyond the expiration of their respective maximum terms).

In addition, the Aldrich Agreement provides that if Mr. Aldrich voluntarily terminates his employment after January 1, 2010, subject to certain notice requirements and his availability to continue to serve on the Board of Directors of the Company and as chairman of a committee thereof for up to two (2) years, he shall be entitled to the Severance Benefits; provided however, that all Company stock options, stock appreciation rights, restricted stock, and any other equity-based awards, which were both (a) granted to him in the eighteen (18) month period prior to such termination, and (b) scheduled to vest more than two (2) years from the date of such termination, will be forfeited.

The Aldrich Agreement is intended to be compliant with Section 409A of the IRC. Additionally, the Aldrich Agreement requires Mr. Aldrich to sign a release of claims in favor of the Company before he is eligible to receive any benefits under the agreement, and contains non-compete and non-solicitation provisions applicable to him while he is employed by the Company and for a period of twenty-four (24) months following the termination of his employment.

On November 23, 2010, the Company modified the Aldrich Agreement as follows: (1) the initial term of the Agreement was extended for three (3) years until January 22, 2014, after which time the Agreement renews on an annual basis for up to five (5) additional one (1) year periods, unless at least 90 days prior to the end of the then-current term, either party provides written notice that the Aldrich Agreement should not be extended; and (2) in order to ensure that any PSAs issued to Mr. Aldrich continue to be treated as performance based compensation under Section 162(m) of the IRC, the Agreement was amended such that if Mr. Aldrich is involuntarily terminated or terminates his employment for good reason or for no reason, he will be entitled to receive only the number of performance shares under outstanding PSAs that he would have received had he actually remained employed through the end of the performance period applicable to such PSAs. All other terms and conditions of the Agreement remained the same.

On December 16, 2014, the Company received a letter from Mr. Aldrich in which he set forth his desire and agreement, effective as of the date of the letter, to waive his rights to any gross-up payment he would be eligible to receive under the Aldrich Agreement, with respect to excise taxes incurred under Section 4999 of the IRC.

Additionally, award agreements for any equity awards granted to Mr. Aldrich under the Company's 2015 Long-Term Incentive Plan, which became effective on May 18, 2015, will provide that notwithstanding the provision in the Aldrich Agreement providing that his equity awards would vest automatically upon a change of control of the Company, such new equity awards shall instead be governed by the terms of the 2015 Long-Term Incentive Plan, which does not provide for automatic accelerated vesting of outstanding equity awards solely upon a change of control.

The terms "change of control," "cause," and "good reason" are each defined in the Aldrich Agreement.

Messrs. Palette, Griffin, Freyman, and Tremallo

On December 16, 2014, the Company entered into new Change in Control / Severance Agreements (each a "CIC Agreement") with each of Messrs. Griffin, Palette, Freyman, and Tremallo that became effective on January 22, 2015, upon the expiration of the Change of Control / Severance Agreements to which each respective executive previously had been a party (each an "Old Agreement"). As compared with the treatment to which each executive would have been entitled under his Old Agreement, pursuant to his CIC Agreement the executive is no longer entitled to any future excise tax gross-up payment, and equity awards granted to the executive after January 22, 2015, will not be subject to automatic accelerated vesting solely upon a change in control of the Company.

Each CIC Agreement sets out severance benefits that become payable if, within the period of time commencing three (3) months prior to and ending twelve (12) months following a change in control, the executive officer's employment is either (i) terminated by the Company without cause, or (ii) terminated by the executive for good reason (a "Qualifying Termination"). The severance benefits provided to the executive in such circumstances will consist of the following: (i) a lump sum payment equal to two (2) times the sum of (A) his annual base salary immediately prior to the change in control, and (B) his annual short-term cash incentive award (calculated as the greater of (x) the average of the annual short-term cash incentive payments received for each of the three years prior to the year in which the change in control occurs, or (y) the target annual short-term cash incentive award for the year in which the change in control occurs); (ii) all of the executive's then-outstanding stock options will remain exercisable for a period of eighteen (18) months after the termination date (but not beyond the expiration of their respective maximum terms); and (iii) Company-paid COBRA continuation coverage under the Company's group health plans for up to eighteen (18) months after the termination date.

Each CIC Agreement also provides that in the event of a Qualifying Termination, the executive is entitled to full acceleration of the vesting of all outstanding equity awards (including stock options, restricted stock awards, RSU awards, and all earned but unissued performance-based equity awards) granted after January 22, 2015. At the time of a change in control all such outstanding equity awards will continue to be subject to the same time-based vesting schedule to which the awards were subject prior to the change in control (including performance-based equity awards that are deemed earned at the time of the change in control as described below). For performance-based equity awards where the change in control occurs prior to the end of the performance period, such awards will be deemed earned as to the greater of (i) the target level of shares for such awards, or (ii) the number of shares that would have been earned pursuant to the terms of such awards based upon performance up through and including the day prior to the date of the change in control. In the event that the successor or surviving company does not agree to assume, or to substitute for, such outstanding equity awards on substantially similar terms with substantially equivalent economic benefits as exist for such award immediately prior to the change in control, then such awards will accelerate in full as of the change in control.

Each CIC Agreement also provides that all outstanding equity awards held by the executive on January 22, 2015, that were granted under the Company's Amended and Restated 2005 Long-Term Incentive Plan will continue, following January 22, 2015, to be governed by the terms of the 2005 Long-Term Incentive Plan and the applicable award agreements thereunder, which terms include automatic accelerated vesting upon a change in control; provided, however, that for purposes of these awards, a "change in control event" will be deemed to have occurred in the event of a change in control as defined in the CIC Agreement. On May 18, 2015, the Company's stockholders approved the 2015 Long-Term Incentive Plan, which does not provide for automatic accelerated vesting of outstanding equity awards upon a change in control. Since May 18, 2015, no awards have been made, and in the future no awards will be made, to the Named Executive Officers or other employees under the 2005 Long-Term Incentive Plan.

Each CIC Agreement also sets out severance benefits outside a change in control that become payable if the executive's employment is terminated by the Company without cause. The severance benefits provided to the executive under such circumstance will consist of the following: (i) a lump sum payment equal to the sum of (x) his annual base salary (or one and one-quarter (1.25) times his annual base salary, in the case of Mr. Griffin), and (y) any short-term cash incentive award then due; (ii) all then-vested outstanding stock options will remain exercisable for a period of twelve (12) months after the termination date (but not beyond the expiration of their respective maximum terms); and (iii) Company-paid COBRA continuation coverage under the Company's group health plans for up to twelve (12) months (fifteen (15) months, in the case of Mr. Griffin) after the termination date.

In the event of the executive's death or permanent disability (within the meaning of Section 22(e)(3) of the IRC), each CIC Agreement provides for full acceleration of the vesting of all then-outstanding equity awards subject to time-based vesting (including stock options, restricted stock awards, RSU awards, and all performance-based equity awards where the performance period has ended and the shares are earned but unissued). Each CIC Agreement also provides that for a performance-based equity award where the executive's death or permanent disability occurs prior to the end of the performance period, such award will be deemed earned as to the greater of (i) the target level of shares for such award, or (ii) the number of shares that would have been earned pursuant to the terms of such award had the executive remained employed through the end of the performance period, and such earned shares will become vested and issuable to the executive after the performance period ends. In addition, all outstanding stock options will remain exercisable for a period of twelve (12) months following the termination of employment (but not beyond the expiration of their respective maximum terms).

Each CIC Agreement is intended to be exempt from or compliant with Section 409A of the IRC and has an initial two (2) year term, which is thereafter renewable on an annual basis for up to five (5) additional years upon mutual agreement of the Company and the executive. The payments due to each executive under his CIC Agreement are subject to potential reduction in the event that such payments would otherwise become subject to excise tax incurred under Section 4999 of the IRC, if such

reduction would result in the executive retaining a larger amount, on an after-tax basis, than if he had received all of the payments due.

Additionally, each CIC Agreement requires that the executive sign a release of claims in favor of the Company before he is eligible to receive any benefits under the agreement. Mr. Palette's and Mr. Tremallo's CIC Agreements each contain non-compete and non-solicitation provisions applicable to the executive while he is employed by the Company and for a period of twenty-four (24) months following the termination of his employment. Mr. Griffin's and Mr. Freyman's CIC Agreements each contain non-solicitation provisions applicable to the executive while he is employed by the Company and for a period of twelve (12) months following the termination of his employment.

The terms "change in control," "cause," and "good reason" are each defined in the CIC Agreements. Change in control means, in summary: (i) the acquisition by a person or a group of 40% or more of the outstanding stock of the Company; (ii) a change, without approval by the Board of Directors, of a majority of the Board of Directors of the Company; (iii) the acquisition of the Company by means of a reorganization, merger, consolidation, or asset sale; or (iv) stockholder approval of a liquidation or dissolution of the Company. Cause means, in summary: (i) deliberate dishonesty that is significantly detrimental to the best interests of the Company; (ii) conduct constituting an act of moral turpitude; (iii) willful disloyalty or insubordination; or (iv) incompetent performance or substantial or continuing inattention to or neglect of duties. Good reason means, in summary: (i) a material diminution in the executive's base compensation, authority, duties, or responsibilities; (ii) a material diminution in the authority, duties, or responsibilities of the executive's supervisor; (iii) a material change in the executive's office location; or (iv) any action or inaction constituting a material breach by the Company of the terms of the agreement.

The following table summarizes the payments and benefits that would be made to the Named Executive Officers as of October 2, 2015, in the following circumstances as of such date:

- termination without cause outside of a change in control;
- termination without cause or for good reason in connection with a change in control;
- upon a change in control not involving a termination of employment; and
- in the event of a termination of employment because of death or disability.

The accelerated equity values in the table reflect a price of \$84.06 per share, which was the closing sale price of the Company's common stock on the NASDAQ Global Select Market on October 2, 2015. The table does not reflect any equity awards made after October 2, 2015.

(1)Under the CIC Agreements between the Company and each of Messrs. Palette, Griffin, Freyman, and Tremallo, equity awards granted to such Named Executive Officers after January 22, 2015, are not subject to accelerated vesting solely upon a change in control of the Company (unless the successor or surviving company does not agree to assume, or to substitute for, outstanding equity awards on substantially similar terms with substantially equivalent economic benefits as exist for such award immediately prior to the change in control, in which case the awards would accelerate in full as of the change in control). Vesting of such awards would accelerate only in the event of a qualifying termination of employment within the period of time commencing three (3) months prior to and ending twelve (12) months following

a change in control, or in the event of a termination of employment by reason of the executive's death or permanent disability.

As described above, equity awards granted to Mr. Aldrich under the Company's 2015 Long-Term Incentive Plan are not subject to automatic accelerated vesting solely upon a change in control of the Company, notwithstanding the provisions of the Aldrich Agreement.

- (2) A "Good Reason" termination in connection with a change in control for Mr. Aldrich includes voluntarily terminating employment following such change in control. Mr. Aldrich is also entitled to the severance benefits in the first column of the table in the event he terminates his employment for "Good Reason" outside of a change in control. In the event Mr. Aldrich voluntarily terminated his employment on October 2, 2015, outside of a change in control, he would have received a total of \$47,207,039, consisting of the following: cash (\$5,241,135); accelerated options (\$15,654,956); and accelerated PSAs (\$26,310,948).
- (3) Excludes the value of accrued vacation/paid time off required by law to be paid upon termination. For Mr. Aldrich, excludes any distributions under the Executive Compensation Plan (see the discussion above regarding this inactive plan in the "*Nonqualified Deferred Compensation Table*").

Director Compensation

Cash Compensation

Prior to January 2015, non-employee directors of the Company were paid, in quarterly installments, an annual retainer of \$57,500. The annual retainer for non-employee directors was increased to \$60,000, effective as of January 2015. Additional annual retainers for Chairman and/or committee service (paid in quarterly installments) are as follows: the Chairman of the Board (\$50,000); the Chairman of the Audit Committee (\$20,000); the Chairman of the Compensation Committee (\$15,000); the Chairman of the Nominating and Governance Committee (\$10,000); non-chair member of Audit Committee (\$10,000); non-chair member of Compensation Committee (\$7,500); and non-chair member of Nominating and Corporate Governance Committee (\$5,000). If the Chairman of the Board is an employee of the Company, the Chairman's retainer will be paid to the Lead Independent Director, if one has been appointed. In addition, the Compensation Committee continues to retain discretion to recommend to the full Board of Directors that additional cash payments be made to a non-employee director for extraordinary service during a fiscal year.

Equity Compensation

Currently, any newly appointed non-employee director will receive an initial equity grant composed of a combination of a stock option and restricted stock having an aggregate value of approximately \$220,000, with such value allocated equally (i.e., 50%/50%) between the stock option and the restricted stock, and with the stock option having an exercise price equal to the fair market value of the common stock on the date of grant. Effective as of January 2014, following each annual meeting of stockholders, each non-employee director who is reelected will receive a restricted stock award having a value of approximately \$170,000. The number of shares issued to non-employee directors pursuant to initial restricted stock grants and annual restricted stock grants is determined by dividing the approximate value of the award, as disclosed above, by the average closing price per share of the Company's common stock as reported on the NASDAQ Global Select Market (or if the common stock is not then traded on such market, such other market on which the common stock is traded) for each trading day during the 30 consecutive trading day period ending on, and including, the grant date. Unless otherwise determined by the Board of Directors, any nonqualified stock options awarded under the 2008 Director Long-Term Incentive Plan will vest in four (4) equal annual installments on the anniversary of the date of grant, and any restricted stock awards under the 2008 Director Long-Term Incentive Plan will vest in three (3) equal annual installments on the anniversary of the date of grant. In the event of a change in control of the Company, the outstanding options and restricted stock under the 2008 Director Long-Term Incentive Plan will become fully exercisable and deemed fully vested, respectively.

No director who is also an employee receives separate compensation for services rendered as a director. David J. Aldrich is currently the only director who is also an employee of the Company.

Director Stock Ownership Requirements

We have adopted Director Stock Ownership guidelines with the objective of more closely aligning the interests of our directors with those of our stockholders. The minimum number of shares of the Company's common stock that the Director Stock Ownership guidelines require non-employee directors to hold while serving in their capacity as directors is the director base compensation (currently \$60,000) multiplied by five (5), divided by the fair market value of the Company's common stock (rounded to the nearest 100 shares). For purposes of the Director Stock Ownership guidelines, the fair market value of the Company's common stock is the average closing price per share of the Company's common stock as reported on the NASDAQ Global Select Market (or if the common stock is not then traded on such market, such other market on which the common stock is traded) for the twelve (12) month period ending with the determination date. As of January 15, 2016, the Director Stock Ownership guidelines require non-employee directors to hold a minimum of 3,400 shares, and all directors were in compliance with such guidelines as of such date.

No further grants will be made under the Directors' 2001 Stock Option Plan, the AATI 2005 Equity Incentive Plan, or the 2005 Long-Term Incentive Plan.

(3) Represents shares available under the Non-Qualified ESPP. No further grants will be made under the 1999 Employee Plan.

1999 Employee Long-Term Incentive Plan

The 1999 Employee Plan provided for the grant of non-qualified stock options to purchase shares of the Company's common stock to employees, other than officers and non-employee directors. The term of these options may not exceed 10 years. The 1999 Employee Plan contains provisions, which permit restrictions on vesting or transferability, as well as continued exercisability upon a participant's termination of employment with the Company, of options granted thereunder. The 1999 Employee Plan provides for full acceleration of the vesting of options granted thereunder upon a "change in control" of the Company, as defined in the 1999 Employee Plan. The Board of Directors generally may amend, suspend or terminate the 1999 Employee Plan in whole or in part at any time; provided that any amendment that affects outstanding options be consented to by the holder of the options. As of April 26, 2009, no additional grants were issuable under the 1999 Employee Long-Term Incentive Plan.

Non-Qualified Employee Stock Purchase Plan

The Company also maintains the Non-Qualified ESPP to provide employees of the Company and participating subsidiaries with an opportunity to acquire a proprietary interest in the Company through the purchase, by means of payroll deductions, of shares of the Company's common stock at a discount from the market price of the common stock at the time of purchase. The

Non-Qualified ESPP is intended for use primarily by employees of the Company located outside the United States. Under the plan, eligible employees may purchase common stock through payroll deductions of up to 10% of compensation. The price per share is the lower of 85% of the market price at the beginning or end of each six-month offering period.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE.

Certain Relationships and Related Transactions: Other than compensation agreements and other arrangements which are described above in Item 11 “Executive Compensation,” since October 3, 2014, there has not been a transaction or series of related transactions to which the Company was or is a party involving an amount in excess of \$120,000 and in which any director, executive officer, holder of more than five percent (5%) of any class of our voting securities, or any member of the immediate family of any of the foregoing persons, had or will have a direct or indirect material interest. In January 2008, the Board of Directors adopted a written related person transaction approval policy which sets forth the Company’s policies and procedures for the review, approval or ratification of any transaction required to be reported in its filings with the SEC. The Company’s policy with regard to related person transactions is that all related person transactions between the Company and any related person (as defined in Item 404 of Regulation S-K) or their affiliates, in which the amount involved is equal to or greater than \$120,000, be reviewed by the Company’s General Counsel and approved in advance by the Audit Committee. In addition, the Company’s Code of Business Conduct and Ethics requires that employees discuss with the Company’s Compliance Officer any significant relationship (or transaction) that might raise doubt about such employee’s ability to act in the best interest of the Company.

Director Independence: Each year, the Board of Directors reviews the relationships that each director has with the Company and with other parties. Only those directors who do not have any of the categorical relationships that preclude them from being independent within the meaning of applicable NASDAQ Rules and who the Board of Directors affirmatively determines have no relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director are considered to be independent directors. The Board of Directors has reviewed a number of factors to evaluate the independence of each of its members. These factors include its members’ current and historic relationships with the Company and its competitors, suppliers and customers; their relationships with management and other directors; the relationships their current and former employers have with the Company; and the relationships between the Company and other companies of which a member of the Company’s Board of Directors is a director or executive officer. After evaluating these factors, the Board of Directors has determined that a majority of the members of the Board of Directors, namely, Kevin L. Beebe, Timothy R. Furey, Balakrishnan S. Iyer, Christine King, David J. McLachlan, David P. McGlade and Robert A. Schriesheim, do not have any relationships that would interfere with the exercise of independent judgment in carrying out their responsibilities as directors and that each such director is an independent director of the Company within the meaning of applicable NASDAQ Rules.
