Safe Harbor Statement

This communication includes “forward-looking statements.” Forward-looking statements relate to future events, including, but not limited to, the Exchange Offers, the Consent Solicitations and the Mergers, as applicable. These forward-looking statements include information relating to future events, prospects, expectations and results of Skyworks (e.g., certain projections and business trends, including with respect to future sales and revenue, as well as plans for dividend payments). Forward-looking statements can often be identified by words such as “anticipates,” “estimates,” “expects,” “forecasts,” “intends,” “believes,” “plans,” “may,” “will” or “continue,” and similar expressions and variations or negatives of these words. These risks, uncertainties and other important factors include: the risks of doing business internationally, including from trade war or trade protection measures (e.g., tariffs, retaliatory tariffs and other countermeasures or taxes), increased import/export restrictions and controls (e.g., Skyworks' ability to obtain foreign-sourced raw materials, including from Chinese-based sources, as well as Skyworks' ability to sell products to certain specified foreign entities only pursuant to a limited export license from the U.S. Department of Commerce), the susceptibility of the semiconductor industry and the markets addressed by Skyworks', and Skyworks' customers', products to economic cycles or changes in economic conditions, including inflation and recession that could result from trade war or trade protection measures; Skyworks' reliance on a small number of key customers for a large percentage of Skyworks' sales; decreased gross margins and loss of market share as a result of increased competition; Skyworks' ability to obtain design wins from customers; Skyworks' ability to convert design wins into revenue; market acceptance of Skyworks' products and Skyworks' customers' products, including market acceptance of new, emerging technologies such as AI; the mix and volume of phone models sold by Skyworks' largest customer; the potential impacts on Skyworks' business, reputation, relationships, results of operations, cash flows and financial condition as a result of the proposed merger transactions with Qorvo; the possibility that expected benefits related to such transactions with Qorvo may not materialize as expected; such transactions with Qorvo being timely completed, if completed at all; regulatory approvals required for the transaction not being timely obtained, if obtained at all, or being obtained subject to conditions; Skyworks or Qorvo's business experiencing disruptions as a result of the acquisition or due to transaction-related uncertainty or other factors making it more difficult to maintain relationships with employees, customers, other business partners or governmental entities; Skyworks and Qorvo being unable to successfully implement integration strategies or to achieve expected synergies and operating efficiencies within the expected time-frames or at all; the costs, fees, expenses and other charges related to the Mergers, including with respect to any related litigation; reduced flexibility in operating Skyworks' business as a result of the indebtedness incurred in connection with the transaction with Silicon Laboratories Inc. and the substantial amount of additional indebtedness Skyworks expects to incur in connection with the Qorvo transactions; delays in the deployment of commercial 5G networks or in consumer adoption of 5G-enabled devices; the volatility of Skyworks' stock price; changes in laws, regulations and/or policies that could adversely affect Skyworks' operations and financial results, the economy and Skyworks' customers' demand for Skyworks' products, or the financial markets and Skyworks' ability to raise capital; fluctuations in Skyworks' manufacturing yields due to Skyworks' complex and specialized manufacturing processes; Skyworks' ability to develop, manufacture and market innovative products, avoid product obsolescence, reduce costs in a timely manner, transition Skyworks' products to smaller geometry process technologies and achieve higher levels of design integration; the quality of Skyworks' products and any defect remediation costs; Skyworks' products' ability to perform under stringent operating conditions; the availability and pricing of third-party semiconductor foundry, assembly and test capacity, raw materials, including rare earth and similar minerals, supplier components, equipment and shipping and logistics services, including limits on Skyworks' customers' ability to obtain such services and materials; risks that Skyworks may not be able to optimize Skyworks' manufacturing footprint and achieve any financial and operational benefits from such efforts, including reducing fixed costs or improving utilization rates, disruptions to Skyworks' manufacturing processes, including relating to any relocation of Skyworks' key facilities; Skyworks' ability to successfully manage Skyworks' senior management transitions; Skyworks' ability to retain, recruit and hire key executives or the departure of any such executives, technical personnel and other employees in the positions and numbers, with the experience and capabilities, and at the compensation levels needed to implement Skyworks' business and product plans; the timing, rescheduling or cancellation of significant customer orders and Skyworks' ability, as well as the ability of Skyworks' customers, to manage inventory; other economic, social, military and geopolitical conditions in the countries in which Skyworks, Skyworks' customers or Skyworks' suppliers operate, including the conflicts in Ukraine, Iran and other regions in the Middle East, possible disruptions in transportation networks, and fluctuations in foreign currency exchange rates; the effects of global health crises on business conditions in Skyworks' industry, including the risk of significant disruptions to Skyworks' business operations, as well as negative impacts to Skyworks' financial condition; Skyworks' ability to prevent theft of Skyworks' intellectual property, disclosure of confidential information or breaches of Skyworks' information technology systems; uncertainties of litigation, including potential disputes over intellectual property infringement and rights, as well as payments related to the licensing and/or sale of such rights; Skyworks' ability to continue to grow and maintain an intellectual property portfolio and obtain needed licenses from third parties; Skyworks' ability to make certain investments and acquisitions, integrate companies Skyworks acquires and/or enter into strategic alliances; Skyworks Commences Exchange Offers and Consent Solicitations for Qorvo's Senior Notes due 2029 and 2031

IRVINE, Calif., May 20, 2026 – Skyworks Solutions, Inc. (Nasdaq: SWKS) (“Skyworks”), a leading developer, manufacturer and provider of analog and mixed-signal semiconductors and solutions for numerous applications, today announced that, in connection with its anticipated acquisition of Qorvo, Inc. (“Qorvo”), Skyworks has commenced offers to holders of Qorvo Notes (as defined below) to exchange (the “Exchange Offers”) any and all outstanding 4.375% Senior Notes due 2029 (the “2029 Qorvo Notes”) and any and all outstanding 3.375% Senior Notes due 2031 issued by Qorvo (the “2031 Qorvo Notes” and, together with the 2029 Qorvo Notes, the “Qorvo Notes”), for, (1) with respect to the 2029 Qorvo Notes, up to \$850,000,000 aggregate principal amount of new 4.375% Senior Notes due 2029 (the “New 2029 Skyworks Notes”) issued by Skyworks or, (2) with respect to the 2031 Qorvo Notes, up to \$700,000,000 aggregate principal amount of new 3.375% Senior Notes due 2031 (together with the New 2029 Skyworks Notes, the “New Skyworks Notes”) issued by Skyworks. **The Exchange Offers and Consent Solicitations (as defined herein) are being conducted in connection with, and are conditioned upon, among other things, the closing of the transactions pursuant to which Qorvo will merge with and into a subsidiary of Skyworks (the “Mergers”), with such subsidiary continuing as the surviving entity and a wholly-owned subsidiary of Skyworks, which condition may not be waived by Skyworks.**

In conjunction with the Exchange Offers, Skyworks, on behalf of Qorvo, is soliciting consents (the “Consent Solicitations”) to adopt certain proposed amendments to each indenture governing the applicable series of Qorvo Notes to, among other changes, eliminate substantially all of the restrictive covenants, certain affirmative covenants and certain events of default (the “Proposed Amendments”) in exchange for the Consent Payment (as defined herein).

The New Skyworks Notes will have the same interest payment dates, maturity date and interest rate as the applicable series of Qorvo Notes. Each series of New Skyworks Notes will replace the fixed redemption schedule currently included in the corresponding series of Qorvo Notes with a customary investment grade redemption schedule, including a three-month par call date and make-whole mechanism as further described in the Registration Statement (as defined herein).

The following table sets forth the applicable Consent Payment, the Exchange Consideration (as defined below), the Early Participation Premium (as defined below) and the Total Consideration (as defined below) for the Qorvo Notes:

Title of Series	CUSIP/ISIN No.	Principal Amount Outstanding	Consent Payment⁽¹⁾	Exchange Consideration⁽²⁾	Early Participation Premium⁽³⁾	Total Consideration⁽⁴⁾
4.375% Senior Notes due 2029	Registered: 74736KAH4/ US74736KAH41 144A: 74736KAG6 / US74736KAG67 Regulation S: U7471QAF1 / USU7471QAF10	\$850,000,000	\$2.50 to \$5.00 in cash	\$950.00 principal amount of Skyworks 4.375% Notes due 2029	\$50.00 principal amount of Skyworks 4.375% Senior Notes due 2029	\$1,000 principal amount of Skyworks 4.375% Notes due 2029 and \$2.50 to \$5.00 in cash
3.375% Senior Notes due 2031	144A: 74736KAJ0 / US74736KAJ07 Regulation S: U7471QAJ3 / USU7471QAJ32	\$700,000,000	\$2.50 to \$5.00 in cash	\$950.00 principal amount of Skyworks 3.375% Notes due 2031	\$50.00 principal amount of Skyworks 3.375% Senior Notes due 2031	\$1,000 principal amount of Skyworks 3.375% Notes due 2031 and \$2.50 to \$5.00 in cash

(1) Per \$1,000 principal amount of the applicable series of Qorvo Notes validly tendered and not validly withdrawn at or prior to the applicable Early Participation Date (as defined herein), the applicable Consent Payment will be an amount equal to the product of \$2.50 multiplied by a fraction, the numerator of which is the aggregate principal amount of such series of Qorvo Notes outstanding as of such Early Participation Date and the denominator of which is the aggregate principal amount of such series of Qorvo Notes validly tendered and not validly withdrawn at or prior to such Early Participation Date. As a result, the applicable Consent Payment for a series of Qorvo Notes will range from \$2.50 per \$1,000 principal amount (if all holders of such series of Qorvo Notes tender) to approximately \$5.00 per \$1,000 principal amount (if holders tender a majority of the aggregate principal amount of such series of Qorvo Notes). Any Consent Payment will be paid on the applicable Settlement Date (as defined herein).

For the avoidance of doubt, a holder that validly tenders Qorvo Notes and delivers (and does not validly revoke) a consent at or prior to the applicable Early Participation Date, but withdraws such Qorvo Notes after such Early Participation Date but prior to the applicable Expiration Date, will be eligible to receive the applicable Consent Payment, even if such holder has withdrawn their Qorvo Notes after the applicable Early Participation Date or such holder is no longer the beneficial owner of such Qorvo Notes at such Expiration Date. Consents may not be revoked after the applicable Consent Revocation Deadline (as defined herein).

(2) For each \$1,000 principal amount of the applicable series of Qorvo Notes accepted for exchange.

(3) For each \$1,000 principal amount of the applicable series of Qorvo Notes validly tendered and not validly withdrawn at or prior to the applicable Early Participation Date and accepted for exchange.

(4) For each \$1,000 principal amount of the applicable series of Qorvo Notes. Includes the applicable Consent Payment, Exchange Consideration and Early Participation Premium. For the avoidance of doubt, (i) consents may not be revoked after the applicable Consent Revocation Deadline, and (ii) unless the applicable Exchange Offer is amended, in no event will any holder of Qorvo Notes be eligible to receive more than \$1,000 aggregate principal amount of Skyworks Notes for each \$1,000 aggregate principal amount of the applicable series of Qorvo Notes accepted for exchange.

The Exchange Offers and Consent Solicitations are being made pursuant to the terms and subject to the conditions set forth in Skyworks' pre-effective registration statement on Form S-4 (including the prospectus contained therein, which is subject to change, the "Registration Statement") filed with the U.S. Securities and Exchange Commission (the "SEC") on May 20, 2026.

The Exchange Offers will expire at 5:00 p.m., New York City time, on September 1, 2026, unless extended (as it may be extended, the "Expiration Date"). The settlement date (the "Settlement Date") will be promptly after the Expiration Date and is expected to occur no earlier than the second business day after the closing date of the Mergers.

Each Exchange Offer and Consent Solicitation is conditioned upon, among other things, (i) a minimum of a majority of the aggregate principal amount of Qorvo Notes of such series having been validly tendered and not validly withdrawn at or prior to the applicable Early Participation Date pursuant to the applicable Exchange Offer for such series, which may be waived by Skyworks in its sole discretion, (ii) the Registration Statement having been declared effective by the SEC, which condition may not be waived by Skyworks, and (iii) the closing of the Mergers, which condition may not be waived by Skyworks. **The closing of the Mergers is not conditioned upon the results of the Exchange Offers and Consent Solicitations.**

Skyworks, in its sole discretion, may modify or terminate either Exchange Offer and may extend the Early Participation Date, the Expiration Date and/or the Settlement Date with respect to either Exchange Offer, subject to applicable law. Any such modification, termination or extension by Skyworks with respect to an Exchange Offer will not automatically modify, terminate or extend the other Exchange Offer, but will automatically modify, terminate or extend the respective Consent Solicitation, as applicable. Neither Exchange Offer nor Consent Solicitation is conditioned upon the respective consummation of the other. The Exchange Offer and Consent Solicitation with respect to a series of Qorvo Notes is not conditioned upon the consummation of the Exchange Offer or Consent Solicitation with respect to the other series of Qorvo Notes.

As indicated in the table above, for each \$1,000 principal amount of the applicable series of Qorvo Notes validly tendered and not validly withdrawn at or prior to the applicable Early Participation Date, holders of such Qorvo Notes will be eligible to receive a cash payment of an amount equal to the product of \$2.50 multiplied by a fraction, the numerator of which is the aggregate principal amount of such series Qorvo Notes outstanding as of such Early Participation Date and the denominator of which is the aggregate principal amount of such series of Qorvo Notes validly tendered and not validly withdrawn at or prior to the applicable Early Participation Date (such amount for such series, the "Consent Payment"). With respect to a series of Qorvo Notes, consents may not be revoked after the earlier of (i) 5:00 p.m., New York City time, on June 11, 2026, unless extended or terminated, and (ii) the date the supplemental indenture to the applicable indenture governing such series of Qorvo Notes implementing the Proposed Amendments for such series of Qorvo Notes is executed (the earlier of (i) and (ii), the "Consent Revocation Deadline").

For each \$1,000 principal amount of the applicable series of Qorvo Notes validly tendered and not validly withdrawn at or prior to 5:00 p.m., New York City time, on June 11, 2026, unless extended or terminated (such date and time, as the same may be extended, the “Early Participation Date”) and accepted for exchange, holders of such series of Qorvo Notes will be eligible to receive an early participation premium, payable in principal amount of the applicable series of New Skyworks Notes, equal to \$50.00 (the “Early Participation Premium”); provided that such Qorvo Notes held by the applicable holder have been validly tendered and not validly withdrawn at or prior to the applicable Early Participation Date and either (A) such holder must not have validly withdrawn such Qorvo Notes at or prior to the applicable Expiration Date or (B) if such Qorvo Notes held by such holder have been validly withdrawn at or prior to the applicable Expiration Date, such holder, prior to such Expiration Date must have (i) validly re-tendered, and not validly withdrawn, such Qorvo Notes and (ii) submitted the Early Participation VOI Number (as defined in the Registration Statement) with respect to such tendered Qorvo Notes.

For each \$1,000 principal amount of the applicable series of Qorvo Notes validly tendered and not validly withdrawn at or prior to the applicable Expiration Date and accepted for exchange, holders of such Qorvo Notes will be eligible to receive \$950 principal amount of the corresponding series of New Skyworks Notes (the “Exchange Consideration”).

Skyworks will pay a soliciting dealer fee of \$2.50 for each note per \$1,000 principal amount of Qorvo Notes that are validly tendered prior to the applicable Expiration Date and not validly withdrawn to retail brokers that are appropriately designated by their tendering holder clients to receive such fee, provided that such fee will only be paid with respect to tenders by holders whose aggregate principal amount of Qorvo Notes is \$250,000 or less.
